

There will come a time when you believe everything

is Finished

2007-2008

*A
New
Beginning*

That will be the Beginning

How often we wish for another chance
to have a fresh beginning
A chance failure into winning.
It does not take a new year
to make a brand new start.
It only takes the deep desire
to try with all your heart.
To live a little better
and to always be forgiving
To add a little "sunshine"
to the world in which we are living.
So, never give up in despair
and think that you are through,
For there's always a tomorrow
and a chance to start anew.

A New Beginning...

2008

Once again the yearbook staff has carefully thought of a unique theme to this year's Miskodeed. A new beginning was chosen for many reasons.

First everyone on the staff including the advisor is new to the yearbook experience and we wanted to make our contribution different from past years. Another reason that this theme was chosen is that everything in life has to have a beginning and an end. As one year ends whether it is your freshman year or your senior year, next year will bring changes. How these changes affect the rest of your life only you can decide. But for now enjoy the ending of the 2007-2008 school year with a New Beginning.

Sincerely-

The Miskodeed Staff of 2007-2008

Japanese Trip

The story of how Mishawaka, Indiana & Shiojiri, Japan became sister cities dates back to 1937. Miss Helen Amos, a teacher at Battell Elementary School was traveling on a train throughout the country of Indonesia. During that time she struck up a conversation with a Japanese businessman. He introduced the young teacher to his friend, Mr. Hiro Takasuna. The two sustained a friendship for four years by writing letters. During WWII correspondence was very difficult. Although hardships continued, the friendship endured over the next 19 years. In 1964, Battell students sent artwork to Nishi Primary School. The "Nishi" students sent some in return and the first Sister-School exchange began. In 1972, Mishawaka and Shiojiri became "Sister Cities". Many exchanges have continued over the years and the following is of the most recent that happened in the summer of 2007.

MHS students enjoy Miyajima, a shrine island, in the Inland Sea. The great red torii gate is believed to separate the human world from the divine world.

Samurai swords were a popular purchase in Naraijuku, a rustic town that dates back to 1700's

Seaira Barton (Fr) and Staci Barker (So) cleanse their hands and their spirits in the spring water before entering Todaiji Temple in Nara. Traditionally, visitors purify their spirits through water or incense smoke before entering a sacred place.

Paris Shelley (07) shows a starfish she found to Jon Kubsch (Fr) and Staci Barker (So)

Mishawaka students traveled to Japan for 17 days in June. They took with them a chain of 1000 paper cranes made by MHS Japanese language students as a gesture of peace. The cranes were laid at the A-bomb memorial in Hiroshima. Origami paper cranes are sent from all over the world to Hiroshima. Strings of 1000 cranes are believed to grant one wish. When sent to Hiroshima it is a unified expression of the hope for peace. In the picture above Kayla Fulbright (09) ties a Buddhist fortune on a cord as Ed Miltenberger (09) looks on. Bad fortunes are left at the temple so that the gods will take them away. *All information was supplied by Mrs. Melissa Raffelock*

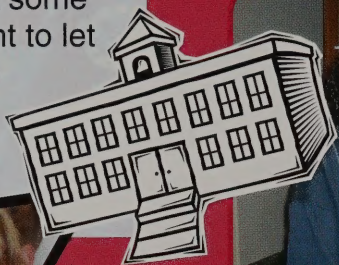

Seaira Barton (09) fed the sacred deer of Nara Park. The deer are more abundant than tourists. Amazingly, the deer will bow their heads to people to request food.

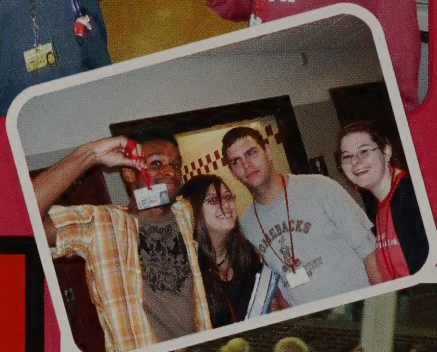

Beginning of the Year!!

So glad to be back some students didn't want to let go of there friends!

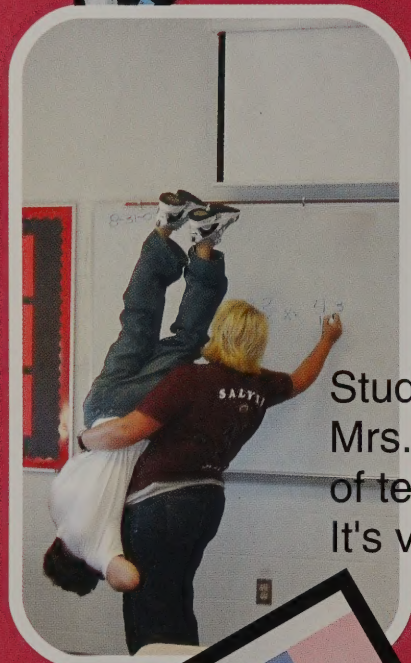

Hall monitor Mr. Gervais wants Delia Martinez to have a great start to the new school year. So he bends her ear to give her a few pointers.

This year was full of changes, some students were happy, but most weren't so excited about them. But we were all just happy to be back.

Flex those muscles boys!!!

Students flip over Mrs. Megyese's style of teaching. It's very hands-on!

Most kids saw the nurse a lot this year when we had "stomach aches"

And some students not so happy to be back.

Even the loving lunch ladies were happy we were back.

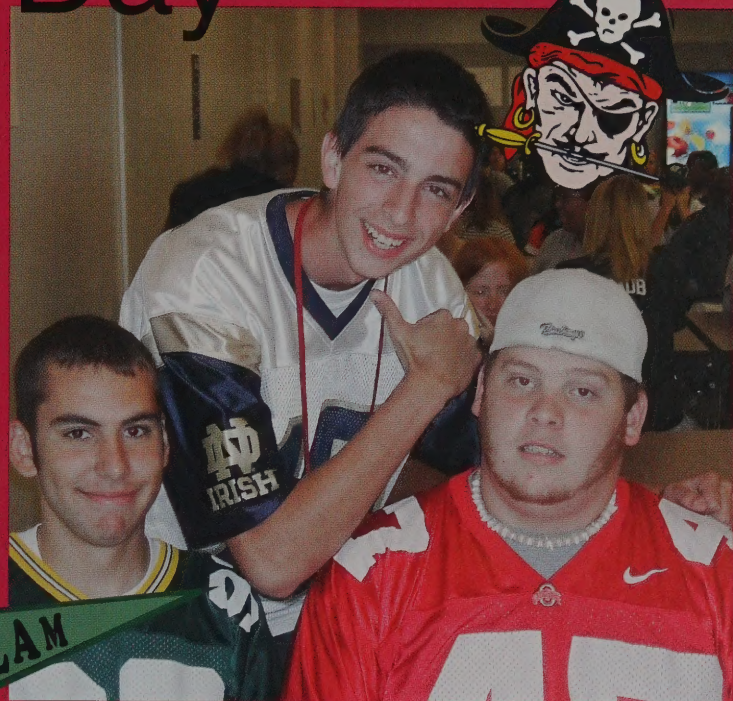

Team Day

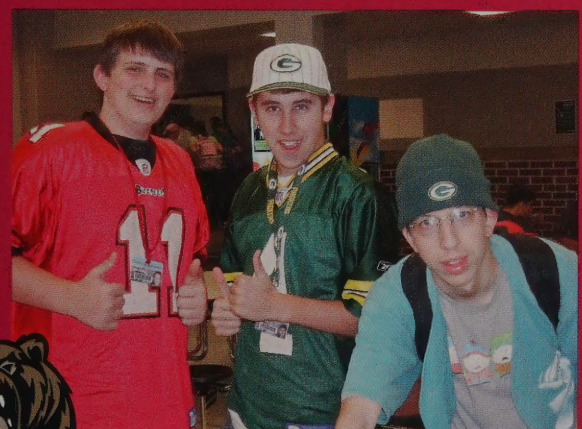

Katie Grenier (Sr), Cally Phillips (Sr), Jenny Iatarola (Sr), and Dave Balentine (Sr) make a pyramid showing how BIG a fan they really are

Playoffs, Playoffs, Playoffs. Bucs and Packers... What a year and man is Brent Favre A good looking guy!

Josh Bauer and friends smile as they realize how good a year their teams have had. (Well, except for the the Nortre Dame fan...Maybe next year!)

Looks like Miss Kitkowski's class is at it again. This time Craig Kominowski, Sarah Scanlon, Michelle Epson, Jenna Schmatz, Josh Rhoton, Charles Hardiman, Cody Miller, Shawn O'Connell, Wes Rorabacher, Kati Wantuch, Ashlee Jennings, Jhonte Corpe, Brittany Finneran, Cleb Norville, and Miss Kitkowski show how much fun it is to say that their team is the best. Some of them really need to pay attention to the scores next time!

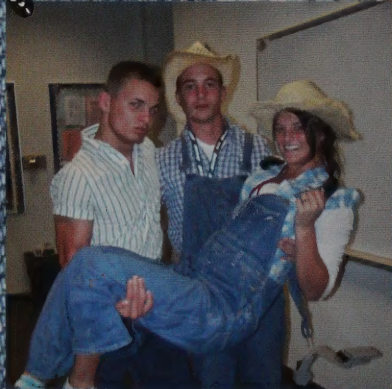

Country & Western

Tommy Overholser and gang just left the farm! Watch out for escape livestock! MOOOOOO!

Laura Martin and Mrs. Megyese showed the boys that it is definitely the COW GIRL WAY with their ropin' sweatshirt.

Chad Reggeman, Kyle Chamberlin, Jaki Miller, and Natalie Kowalinski feel like getting a little down home with a little bit of country. Yeehaw!

Uh oh! Looks like the boys (Caleb Norville and Josh Rohoton) have got a hold of the lil' lass (Tiffany Donahue). Better watch out for the Farmer! He's been known to carry heat!

The girls have gone country! Ashleigh Simons, Allison Gleisner, and Rebecca Nelson show that there is definitely some fun on the Farm!

Decades Days

Mr. Trtan and Miss Kitkowski went way back to the Roaring 20's. Watch out Trtan knows Capone.

1920

Kanickey left Grease Lighting outside in order to pose with the those darn Hippies!

The girls definately can be 'footlose' and fancy free in their 80's rendition of Flash Dance!

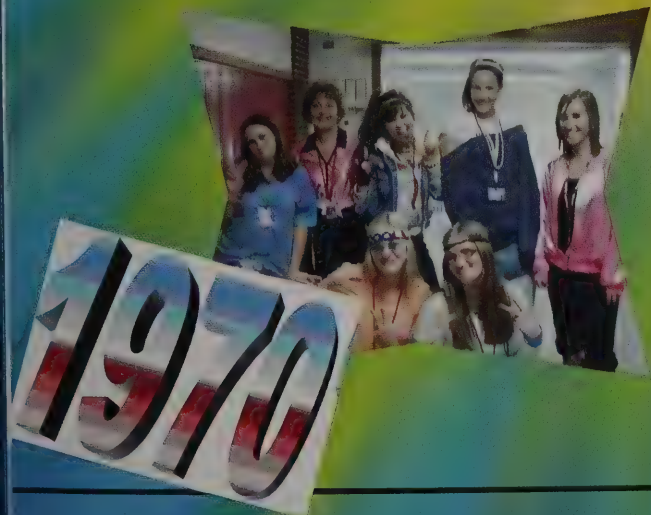

The time machine is out of control. There are Hippies from the 60's, a fifties debutant, the 80's flash dance queen, and two people that have been caught between the decades.

1950

Peace, Love and Rock n' Roll before the 80's turn everyone into a "material girl".

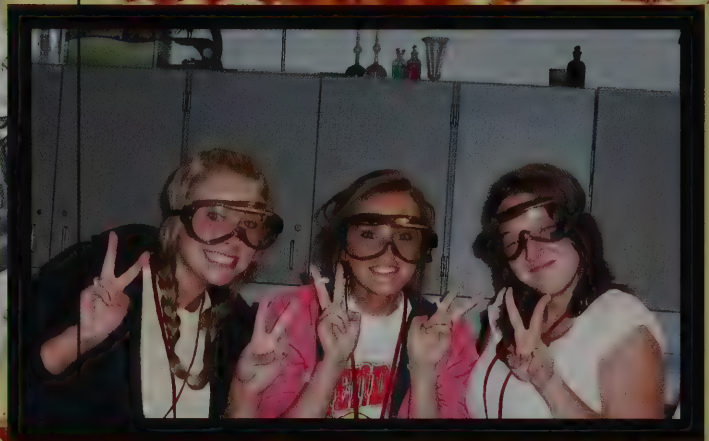

The Pink Ladies have rolled into town in a Volkwagon Van while preparing to go to a dance with Kevin Bacon. GIRLS JUST WANT TO HAVE FUN!

Barefoot in the Park

With hilarious lines and actors, Barefoot in the Park was a joy to watch. Nick Radcliffe (Jr) and Taylor Mark (So) headed the small cast of seven. The play was about young newlyweds Paul and Corrie Bratter. Corrie is bound and determined to make her marriage fun and exciting. With a crazy neighbor, Victor Velasco, played by Brandon Jones (Sr), and Corrie's concerned mother, Ethel, played by Anastasia

Spano (Sr), the play kept everyone laughing the whole way through.

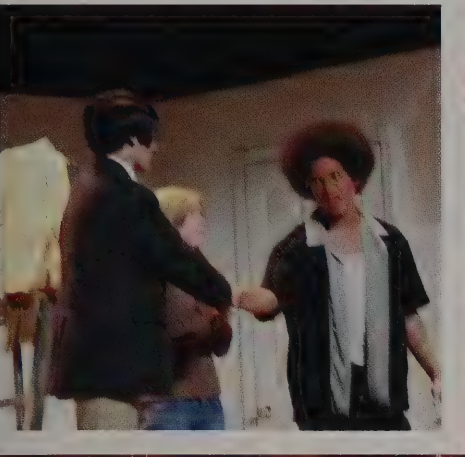

Paul Bratter, played by Jr Nick Radcliffe at a weak moment

Victor Velasco, played by Sr. Brandon Jones and Ethel, played by Sr. Anastasia Spano, get ready to go on their first date.

After every performance, the cast greet the audience. It is a chance for all to enhance their experience with a "hands on" approach! Left to Right: Taylor Marks (So), Nick Radcliffe (Jr), Cindy Nowak (Sr), & Molly Crawford (So)

Paul finally meets Victor, played by Jr. Nick Radcliffe and Sr. Brandon Jones. Were the stories true? Hmm.. ask one of the cast.

(Above) Anastascia Spano (Sr) and Taylor Marks (So) have a mother-daughter moment. It is times like these that makes you wish for the same love and support, especially when things get hard and your loved one leaves.

The cast and new director, Mr. Andrew West, take a final bow on the last night. What a way to start a year off!

Corrie and Paul Bratter, played by Taylor Marks (So) and Nick Radcliffe (Jr) show how much they love each other by sticking together even with all of the previous problems! The message of the play is monumental... Love always wins!

Leaves are temporary.

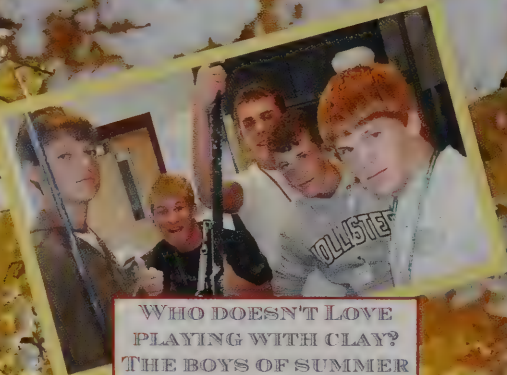

The bonds that are forged at Mishawaka are forever lasting. Although there are cold times where the outer niceties, such as leaves, may go away, the roots of our friendships can never be touched by any frost.

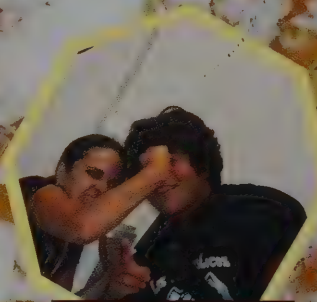

Mrs. Hickman and Mrs. Fryer smile pretty for the camera ready for the new year to begin!!

The girls kick back and show how groovy it is to be back to school!

WHO DOESN'T LOVE PLAYING WITH CLAY? THE BOYS OF SUMMER ARE BACK IN THE CLASSROOM

Well that is one way to make sure that the students come to class! Be careful Alek!

Amanda Ezra, Terracka McClish and Chelsea Jacobs spend some quality time together during lunch.

Chad Roggeman and Ronny Pierce show the world that they are best friends! Or are they?

David Dobrodt, Brittany Finneran and Josh Johnson show their love for the Colts!

...roots are forever

Who would have thought the school year would bring so much fun and excitement. Here a group of students show their zest to try to use unconventional methods to get the message across. What the message is we aren't exactly sure!

Friendships always warm the heart when the chill of fall starts to set in!

Hey guys! What are you reading? Hanging out with a good book never leads to trouble, right?

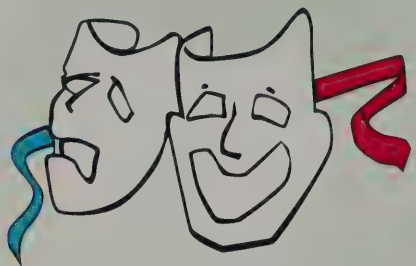

Mr L. and Joey just hanging out in the cafeteria. They may look innocent but watch your step!

Abby Shrader and Lauren Johnson were so happy to be back in school this year! Summer was fun but school is better! LOL

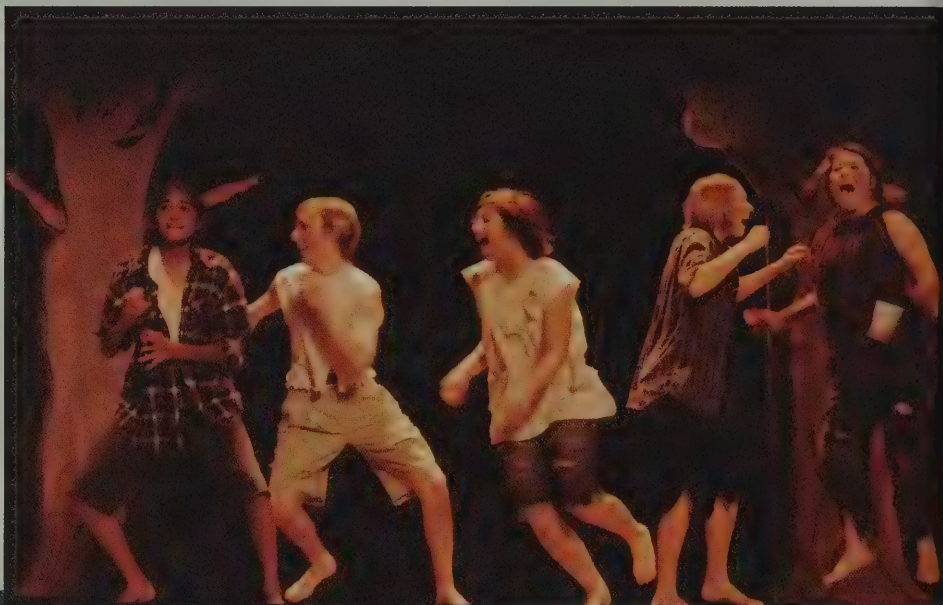

Fred Glass shows how much he loves his Gower. Who doesn't?

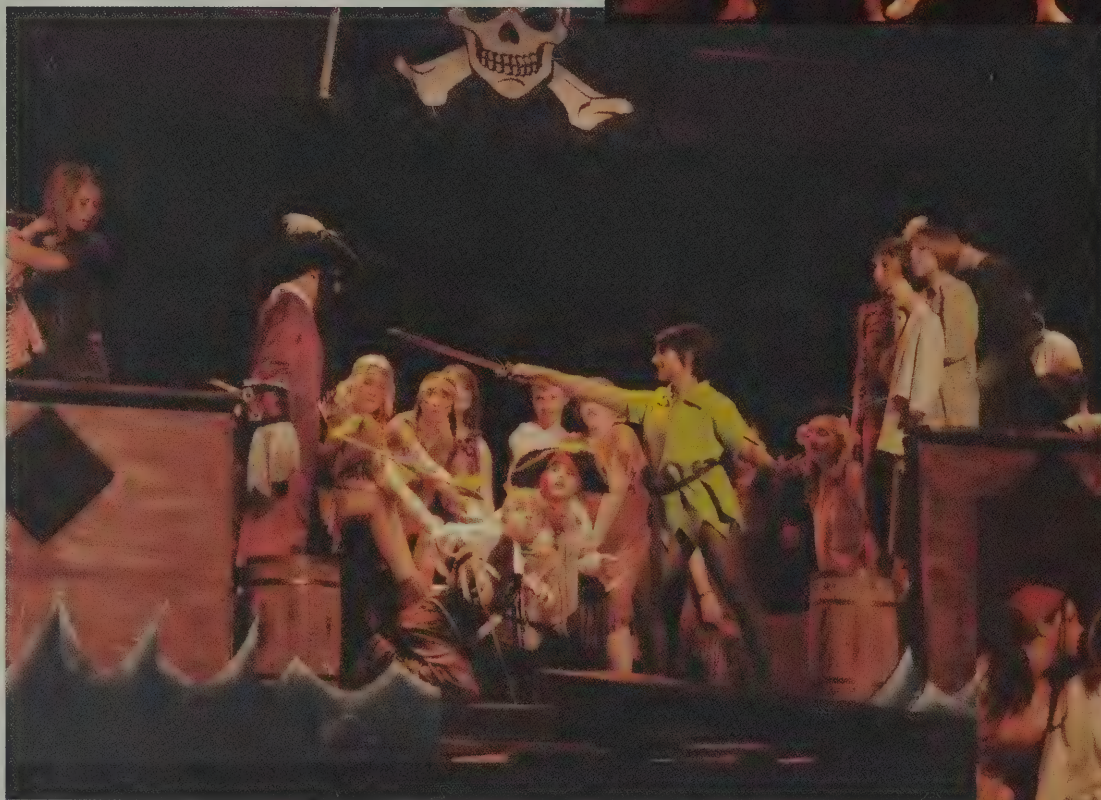

Peter Pan

Peter Pan is a timeless tale about a boy who refuses to grow up. The following are taken from the Mishawaka production of this tale of fun, mischief, and adventure!

"We believe in fairies!"-the cast screamed. Then the children in the audience eagerly clapped their hands to revive "Tink".

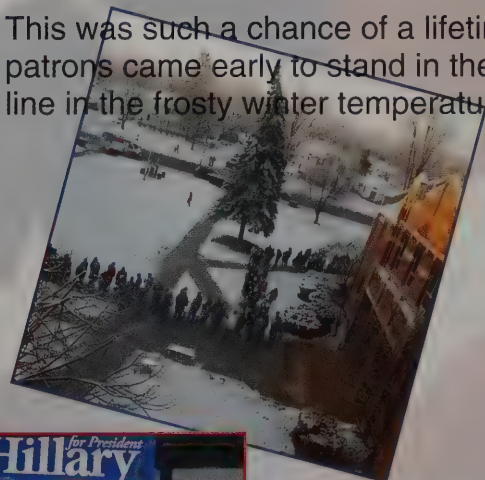

Right: Anna Spaulding(So) as the title character Peter Pan The audience said this was a very convincing and amusing portrayal of Peter Pan.

Primaries matter in Indiana...

This was such a chance of a lifetime that patrons came early to stand in the long line in the frosty winter temperatures.

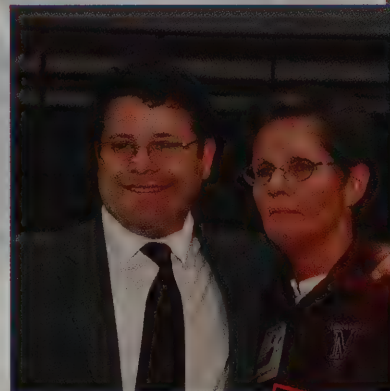

For the first time since the 1960's the democratic candidates were in a real fight to the finish. Hillary Clinton and Barack Obama were on an uphill battle that meant that voting in the Indiana primaries could make or break a candidate. When South Bend Washington dropped the ball on allowing Senator Clinton to come visit their school, Mishawaka capitalized on an amazing opportunity that no Mishawaka High School student would ever forget. Not only did they get to hear a presidential candidate speak, but they were able to be in the presence of a renown actor with a lot of famous roles. In addition each student felt a slight shade of excitement as they walked through security and "secret service" were roaming the halls. What an experience!

Students were excited to hold the signs that were handed out before the assembly, even if they were not Clinton supporters!

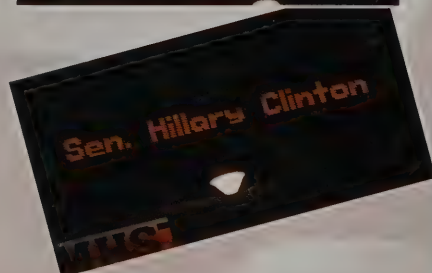

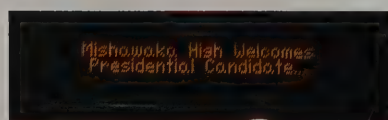

Doctor Marzotto worked at a quickened pace to ensure that everything was in order since this was a rapid succession of events. Don't worry Doc everything went very well and the students were something to be proud of!

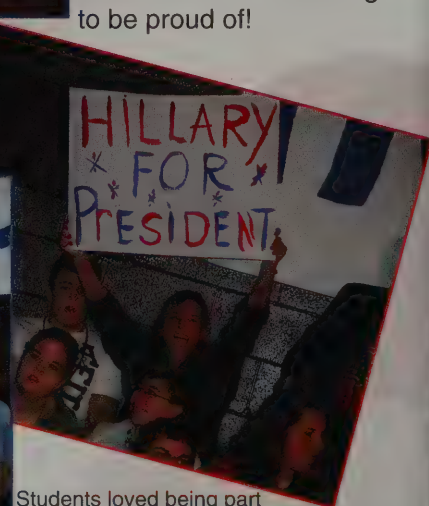

Two of our favorite people : the ever inspiring and amazing Kathy Youngs and Sean Austin "Rudy" pose together before the presentation.

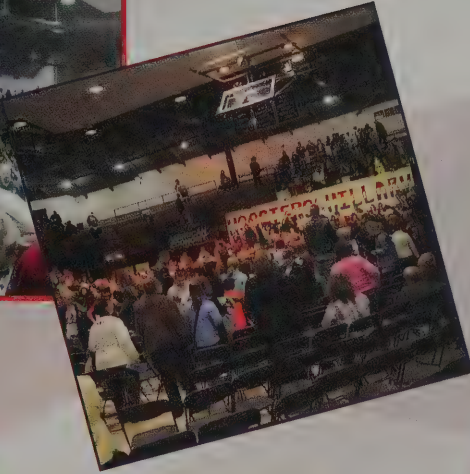

Being in student government has its perks. The members of the student council are able to be in the front stage right behind the main action! Will any of them be future president? Only time will tell!

The school was so excited and to show their appreciation they made sure everything was ready including the sign!

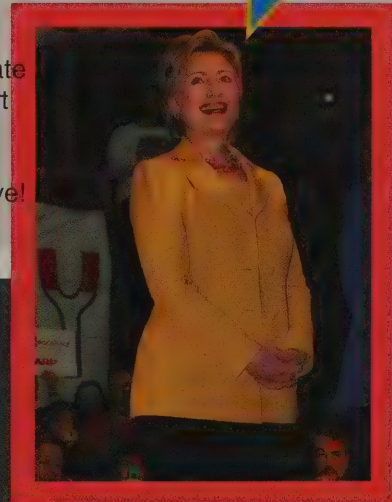

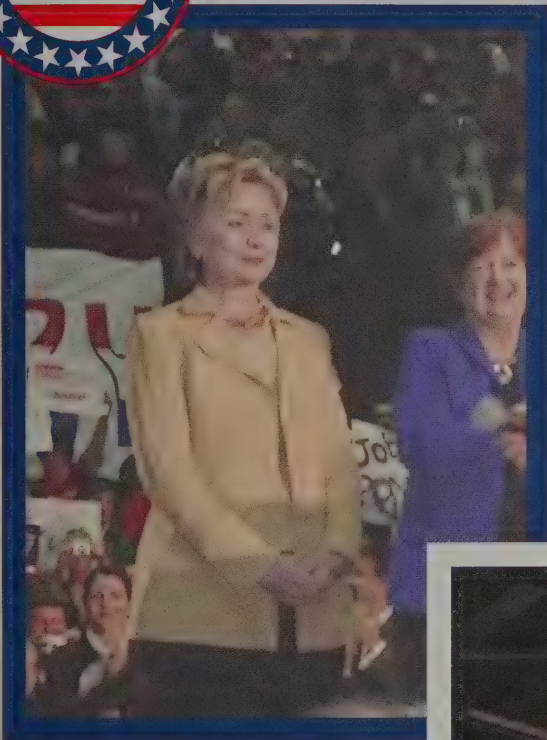

Students loved being part of the action! Who would have thought that students could have fun at school!

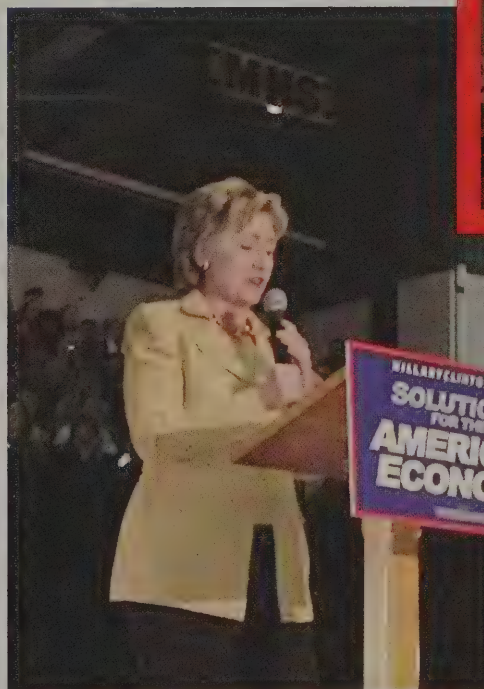

Mishawaka High School was able to fill a gymnasium in a matter of a few days! Simply amazing!

The minute that actor Sean Austin came out the crowd went nuts! With chants of "Rudy", "Mikey", and "Sam" who would have guessed that he was passionate about politics. He believes that Hillary was the best candidate and he was ready to support her. Students this is an important lesson: Always stand up for what you believe!

When Clinton came out she was well informed about the area and some of the traditions that are in existence...she even referred to the gym as the "CAVE". Her main issue was the economic change that has to be implemented in order to benefit the greater society. She had two local workers come in and discuss their stories in order to prove that society is falling by the economic wayside!! She strongly urged the audience to help themselves by voting for her!

At the end of her presentation she allowed the floor to be open for questions. Kyle Fobe (Sr) raised his hand and the due to his undying comical reliefs the crowd went nuts. He raised an important issue about the rising costs of college and asked what she was going to do! Her answer was to help! Let's see where that ends up! Not only was education on the mind of students it was also on the mind of the teachers. "No child left behind" she said let's get rid of it and the crowd rallied! Time will tell!

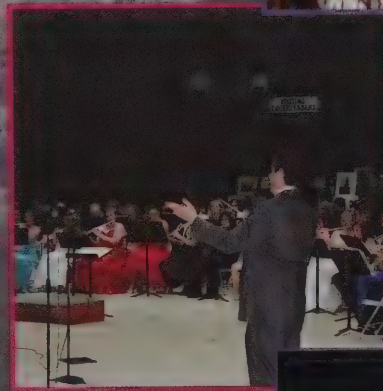

May Fest

Mr. Tom Budzinski the director of the symphonic band and jazz ensemble discusses a situation with a student before their performance.

Here the combined concert and symphonic bands played a rendition of the Blue Ridge Saga by James Swearingen

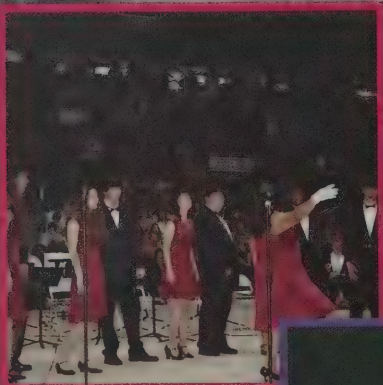

Every year the band, orchestra, choir, and many student artworks come together in a fashion that tries to outdo all the years past. The directors of every department work diligently to ensure that all of their hardwork throughout the year is not left forgotten. The students dress in their personal best as a way to magnify who they are as artists, musicians, and singers. Each department delivers a performance that is a combination of their best work and delivers it with a style that is only represented by the magnificent Mishawaka students! All faculty and staff that made this celebration come together should be proud of their accomplishments. Students it was a marvelous occasion. Pat yourselves on the back!

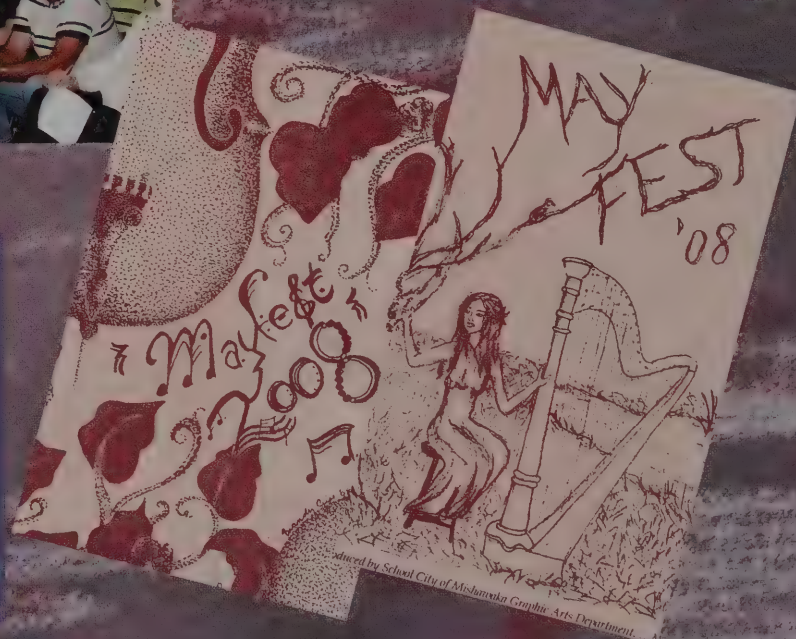

The combined bands played excerpts from Jurassic Park. The crowd felt the suspense of the movie rising among them as the band's played the crescendo of the night! The students took the terror of the story to new heights!

Friends and families sit back and enjoy the spectacular performances. Students are very lucky to have individuals in their lives that love and support them in their endeavors.

Below is a copy of this year's program cover designed by Brandy Crise and Annastecia Spano

Members of the Maroon Jazz gave a lively performable of *Everybody Rejoice*, from the Whiz. The energy was so catchy from these young performers that there were people dancing in the aisles to the notes that sprung from their mouths

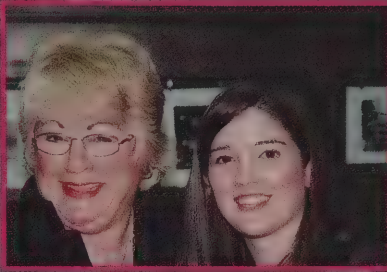

The members of the symphonic and concert orchestra played a beautiful rendition of songs from the *Phantom of the Opera*. It left the audience breathless.

Mr. James Keranen is all smiles after the orchestra performs. He knows that they have nailed it!

Mrs. Catherine Kuhmichel (and daughter), Mrs. Julie Neises, and Mr. Michael Buchmann are very excited about the pieces that are displayed. They know that there are many aspiring artists that will emerge out of these students.

Below patrons take in the different types of artwork that was done by all of the talented students

This amazing evening ended with all performers and audience coming together to create a spectacular version of the *Battle Hymn of the Republic*. The bands and orchestra display their patriotic side by dressing up their instruments with tiny American flags.

Orchestra members Jared Thomas and Josh Bauer take a break after their performance. Josh even admitted that he pulled something in his arm.

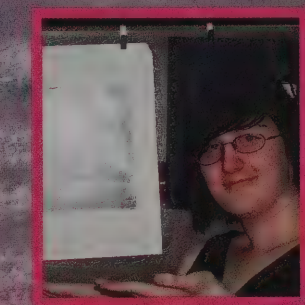

Below Brooke Hein is ready to begin

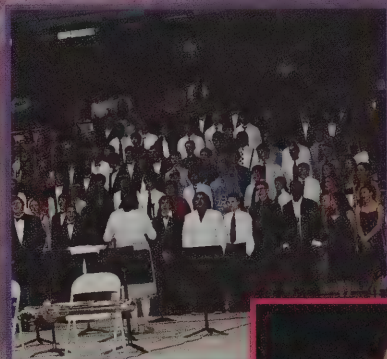

The choirs sang many songs that forced the audience to tears. Songs included River in Judea, Because we're friends, and We're singing the Blues for you.

Below members of the jazz ensemble played Dues Blues and Dancin' Fool.

Artists are their biggest critiques. Well not in this case...Ashley Johnson (so) is very proud to pose with her artwork! As she should be!

Caleb Chamberlin conducted the percussion part for all of the singers

Chad Roggeman and Aaron Winslow perform as soloists in the song Show me the way/come sail away. Other soloists of the evening included Delia Martinez, Scott Fahey on the guitar, Danny Baxter on percussion, and Ms. Elaine Lange on piano.

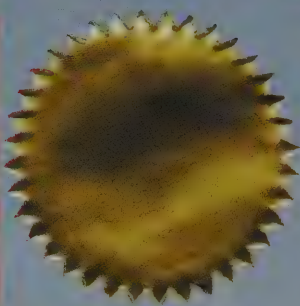

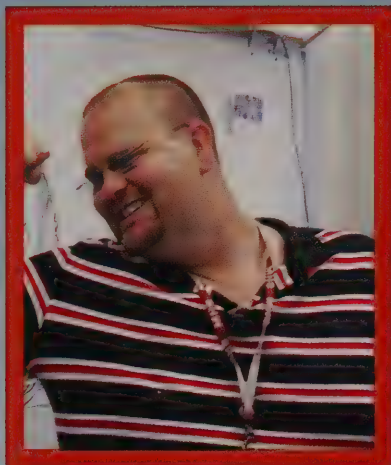

Mrs. Wilson could not have prouder of her students tonight. They performed with their heart and soul.

I did Not sign
up for this!

Fake an injury day was a frightening experience! Many students and faculty were ready to bring in the authorities to discuss why people looked the way they did! Here it looks like Gabby Anglin and friends are working to add more insult to injury!

Senior Alexandra Andrews really showed how much of a pain it was to show her school spirit. Teachers were trying to find out what had happened that left her looking like she was run over by a school bus. Well maybe she was run over by a bus... a fan bus! Ha Ha Great job with the make-up and props Alex!

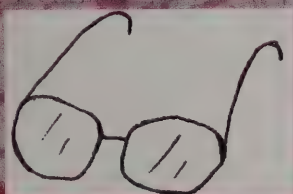

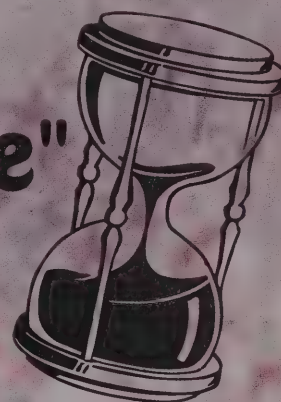

Fake and Injury Day

MisMatch Day

Are student body president Allison Gleissner and student body treasurer Matthew Layman really wearing that to school? No they did not have problems with their electricity. They just wanted to show their school spirit on mismatch day. They could win "best dressed" or could they?

Old "Fogie" Day

Turn the time clock forward

Who let that old "geezer" into school? Oh wait it is senior Josh Rhoton dressed up for old "fogie" day. He actually got his clothes from his grandpa and we are not going to tell where he got the port a potty! This day was especially fun for Josh because his grandpa is one of the most important people in his life. Well ladies, if he actually ages like that hold on to your dentures!

Senior Ahleigh Simons shows how she sprained her school spirit by taking a moment to pose with Steph Beck (Sr). Wait a minute did Steph have something to do with the injury? Hmm interesting!

Above the line

Winter Homecoming Pep Rally

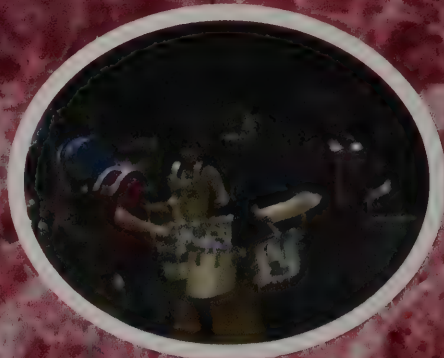

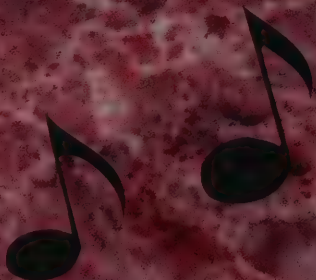

The MHS poms started off the pep assembly by giving the audience a spectacular show

At the fall pep assembly, the drum line rocked the house to a new level. So to try to one up themselves they made a different sort of performance. They utilized Georgia, the custodial love of all students, to perform an elaborate skit that is paralleled by none other. They had her leave her cleaning materials in the middle of the floor and the drumline performed in a "stomp" style that brought the crowd to their feet. They then concluded with a repeat of the fall. I still get chills when I think of the rendition of those drums!

A member of the pom squad gets into her performance

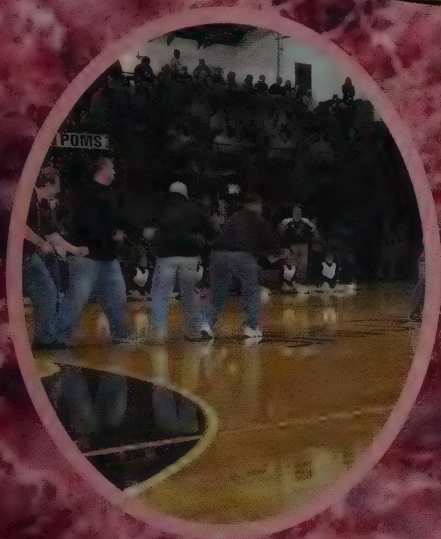

Slam Dunk Contest....

Tug of War....

Homecoming King....

GO TEAM

To spice things up a little bit, a slam dunk contest was conducted. In the first and third picture, Josh Rhoton assisted by Cody Miller, was a crowd favorite. Even though Josh was the winner his jams could not match Matt Lehman pictured in the center when he showed the Cavemen wrestlers how much he supported them by doing his last dunk in none other than a singlet. The judges which included two wrestlers David Balentine and Neal Kostry scored him through the roof. Joe Caldron was also a judge.

Tug of war between staff and students with no rope interesting! What is next final exams with no final?

Above the Rim

And the Homecoming King is Ryan Warmoth

Amy Spitaels (Sr), Maria Martellaro (Sr), & Jaki Miller (Sr) know that this will be their last winter formal at MHS! Words can't express how much they will miss and remember this night!

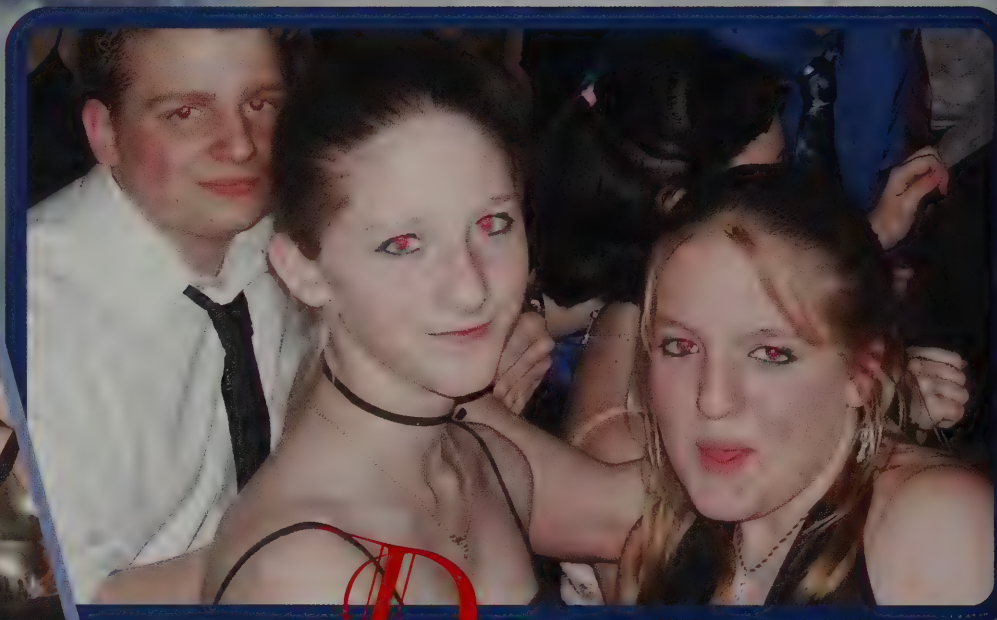

A Night to

Seniors Chris Stranz, Katie Grenier, Chelsey Cochran, Ashley Kehr, Ashleigh Simons, & Nathan "Wojo" Wojtyasiak try to stay warm as they huddle before the dance in front of the delightful fire.

Joe Calderone (Jr), Delia Martinez (Sr) and crew are destroying the cool winter chill by bustin' out some funky moves. Break it down guys!

Left: Logan Long (Sr), Logan Long (Sr), and Makala Milliken (Jr) show how close you can be especially with the same name. Above: (name), Sam Swartzentruber (Fr), and Megan Vaughn (Fr)

Dance

The winter formal is a great way to make the cold and chilly days a whole lot hotter! Everyone steps through the looking glass into a world of enchantment and magic! This is a night that could not have been made better even with the fairy godmother's help! Well maybe some had a little help here...especially since they all looked liked beautiful princesses with their prince charming on their arm!

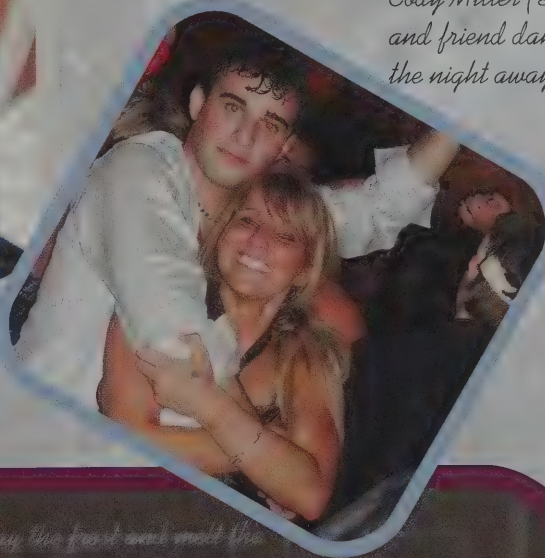

Friends are the best part of the winter formal. Girls have started to go in groups of girls instead of having the "traditional" date. It looks like they are having more fun anyways... Cause "girls just want to have fun".

Remember

Sarah Oppelt (Sr) and Ashley Kehr (Sr) know that things will never be like this again... Making memories becomes part of the the "black and the white" of what is to be in the future.

Cody Miller (Sr) and friend dance the night away.

The crowd shakes away the frost and melt the waters of goodbye by creating a lasting closeness.

Once Upon A Mattress

Our seniors together for the last time in high school. On the last night it is tradition to say farewells. It's always "bittersweet" and leaves a memory that will not be matched throughout our lifetime!

Senior Delia Martinez played Queen Aggravain, the very annoying queen who wanted things her way, or no way at all.

The wonderful director, Andrew West. Mr. West was new to the theater this year.

Princess Winnifred, played by Marta Finkelstein(SR), sings about "The Swamps of Home."

Seniors Alysha Miles, Marta Finkelstein, Avery Hans, and Cindy Nowakah.

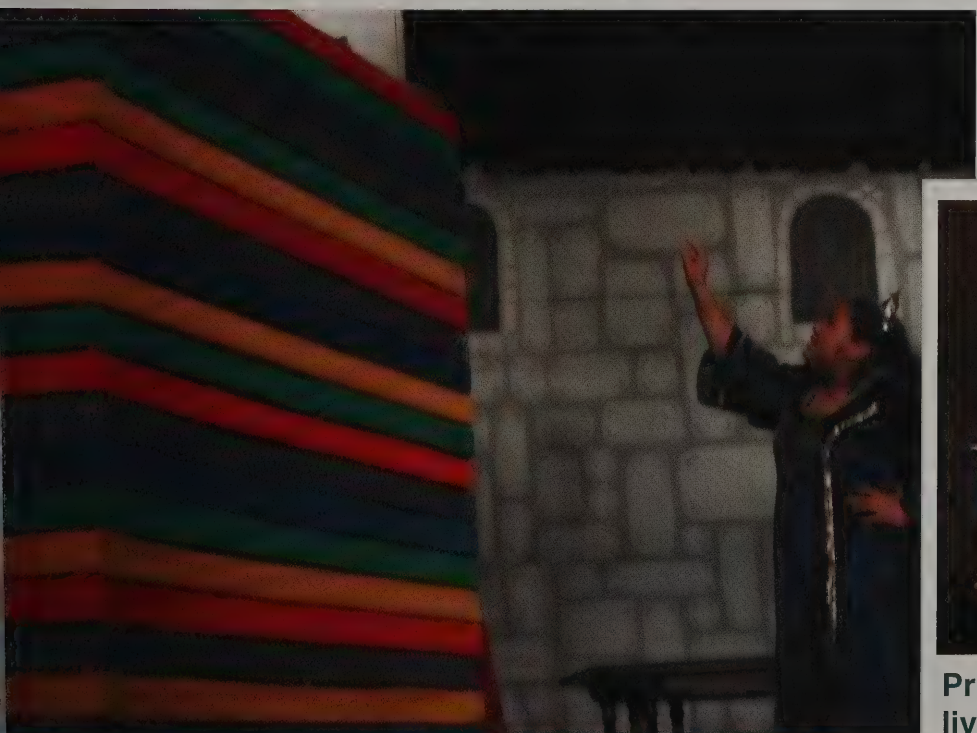

The Ladies of "Once Upon a Mattress"

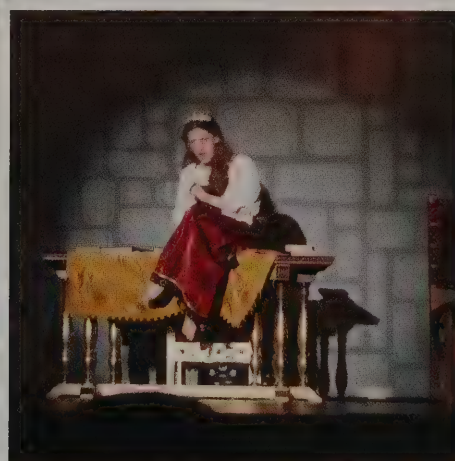

Lady Larkin and Sir Harry, played by Avery Hans(sr) and Kaleb Chamberlin (so), have a sweet moment.

King Sextimus and Prince Dauntless, played by Kyle Fobe(sr) and Cody Smart(sr), have a father and son moment in a "man to man" talk.

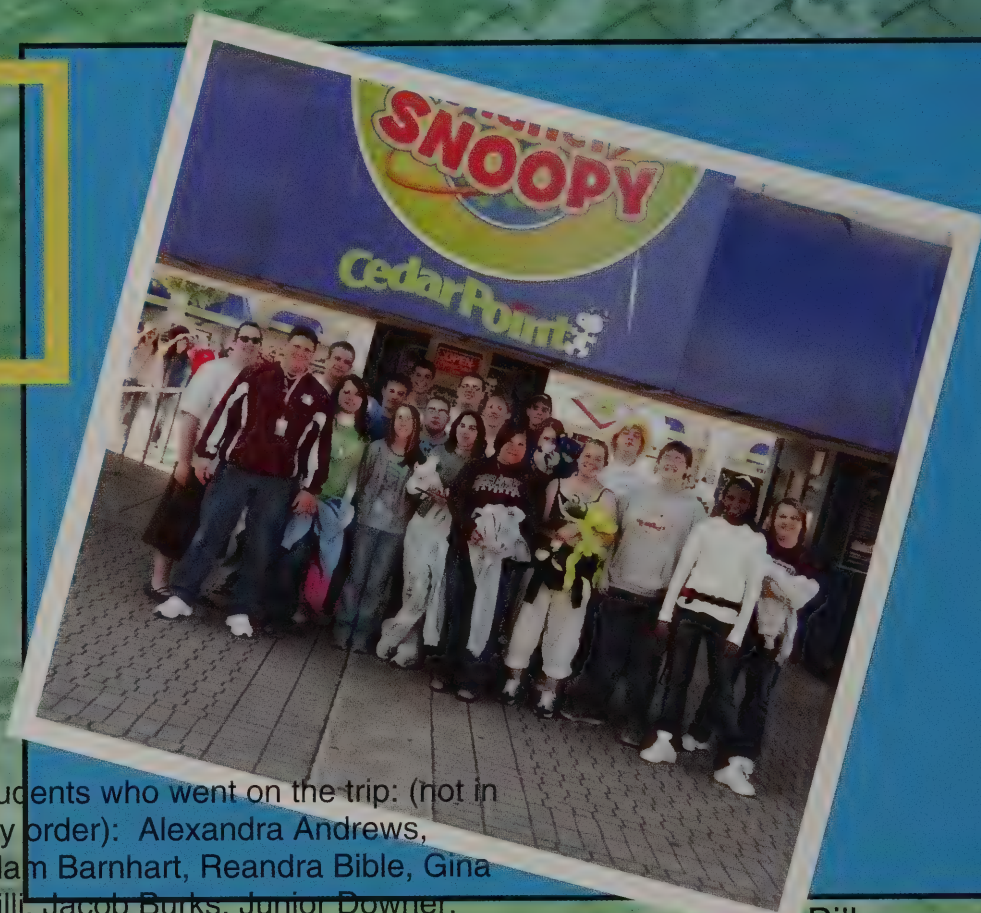

Queen Aggravaain with the famous Mattress's, 20 to be exact, and one tiny pea.

Princess Winnifred wants to live "Happily Ever After", but the queen makes it difficult with her impossible tests

Cedar Point

Every year anyone who maintains perfect attendance through out the year is eligible for a free trip to Cedar Point. It is a great incentive that allows students and staff to have a ball!

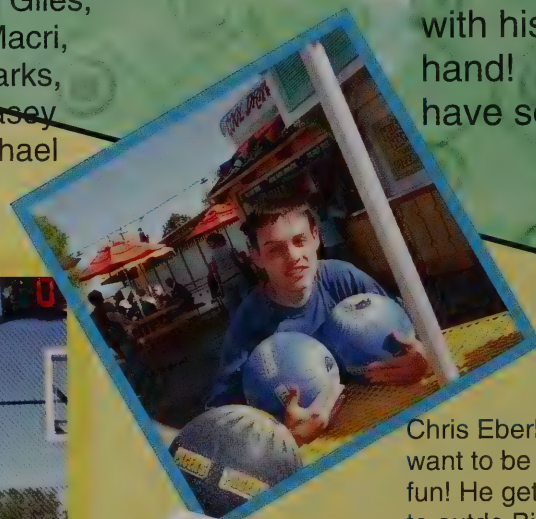

Students who went on the trip: (not in any order): Alexandra Andrews, Adam Barnhart, Reandra Bible, Gina Brill, Jacob Burks, Junior Downer, Christopher Erhardt, Breanna Giles, Kimberly Loughlin, Anthony Macri, Catherine Mutuary, Ashlee Parks, Richard Perri, Bill Runyan, Kasey Scaffold, Erik Sanders, & Michael Stamm.

Bill comes out with his prizes in hand! He must have some shot!

One thing that students love is their chance to win wonderful prizes. Here Bill Runyan works the court to find his sweet spot to hit his threes.

Chris Eberhart does not want to be left out of the fun! He gets ready to try to outdo Bill. Can he do it?

The thrill of the coasters can get anyone excited for the day! The picture on the left shows students anticipating what the rides will be like! The coaster is the Raptor and it will make your stomach do somersaults.

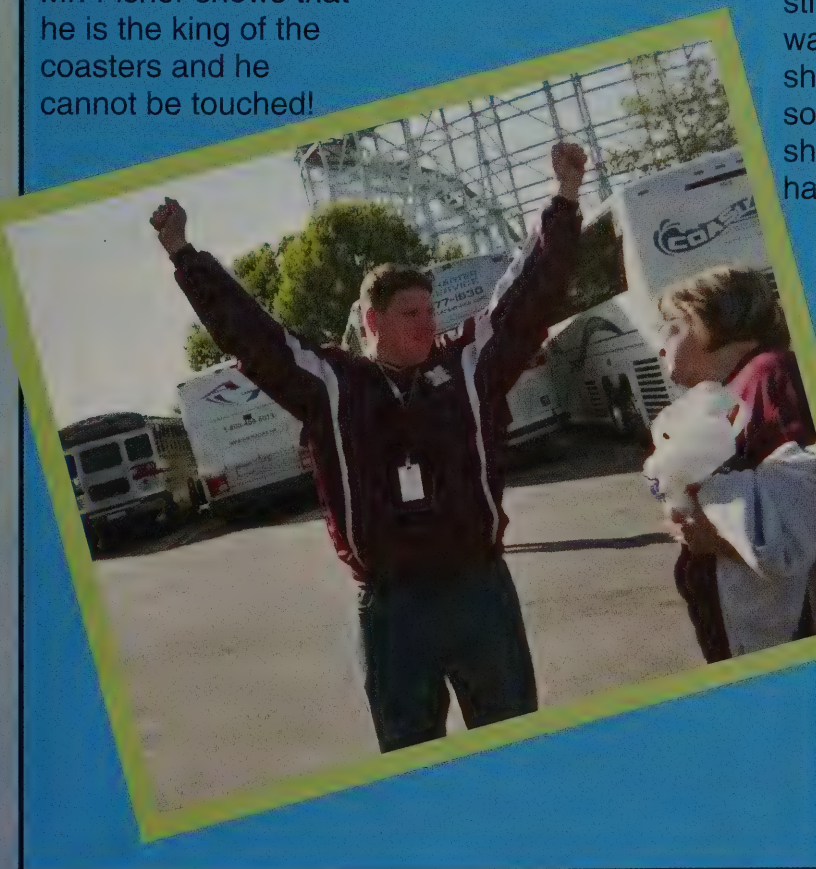

Ashlee Parks, Kimberly Loughlin, & Alexandra Andrews take a moment to pause from all of their fun that they are having. The ladies are all smiles but then again who wouldn't be with a free day out of school!

Michael Stamm and Adam Barnhart show that their friendship is strong even off the tennis court.

Mr. Fisher shows that he is the king of the coasters and he cannot be touched!

Ms. Stillson looks as if she is still working on waking up or has she just gone on something that she couldn't handle!

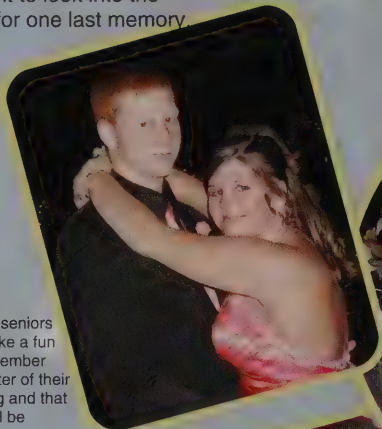

The coasters offer an exciting rush that cannot be matched. Below students are getting ready to race the other coaster on the Gemini!

"Starry Night"

"Cutest Couple" nominees Marta Finklestein and Cody Smart know that the best way to maintain a relationship is to have fun with each other and LAUGH, LAUGH, & LAUGH!

Kyle Roempagel and date take a moment to look into the camera for one last memory

Below: Some seniors and juniors take a fun picture to remember that this chapter of their lives is closing and that a new one will be opening very shortly. Can you tell who each one is? We will never tell!

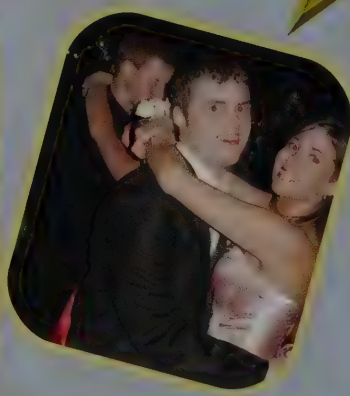

Below: Senior Andrew Bennett and Ms. Nash cut a rug on the dance floor!

it's
your
night

On April 26th, 2008 students got into their dancing shoes for this year's prom. This year's prom theme was "Starry night". The gym dazzled with decorations thanks to the junior prom committee. Students came with their friends and/or dates to have the time of their life!

Above: Prince and Princess: Joseph Pallo and Cecily Maes. Below: Cally Phillips and Chris Sulak slow dance after they announced their engagement.

SOPHOMORE TEAM

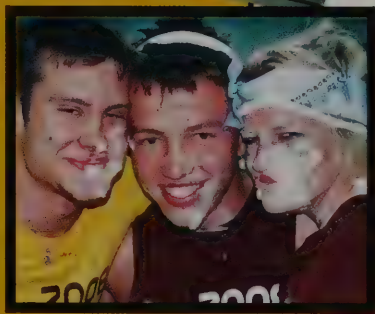

FRESHMAN TEAM

The Limbo contest is a crowd favorite. No one could touch the dynamic senior duo of Ashleigh Simons & Katie Grenier (Below)

Derek Lacey (Jr), who won the pudding eating contest, shows that there are no hard feelings between him and the senior runner ups: Neal Kostry & Sarah Oppelt

The toilet paper relay always brings smiles to the faces of the competitors. Check out the look on Chris Strantz's face!

The seniors and juniors huddle before the big dodgeball match.

Seniors Dave Balentine & Neal Kostry take a moment out from the heat of the competition to pose Caveman style.

Steph Beck (Sr) and Austin Vegh (So) go head to head or hip to hip in the hula hoop contest. Steph could not be beat! She is the hula hoop ninja!

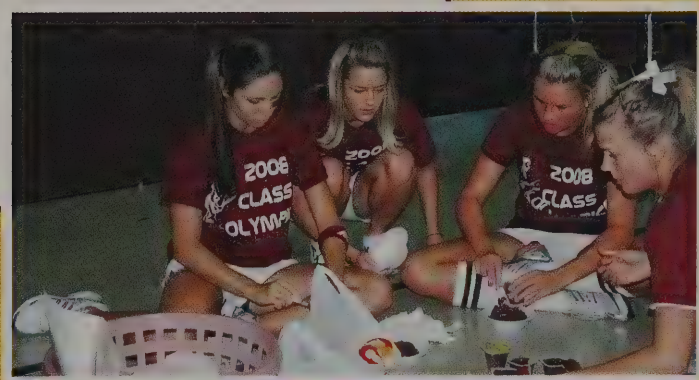

The final event of the night was the school song! After the crazy tug of war where all teams combined against the seniors, the seniors were going to give it their all. Little did they know that all other teams would leave the gym in protest!

Josh Rhoton and Matt Layman celebrate the senior victory in true "Jordan" style. (Left)

The seniors fought for their territory in a style that proved that they were the rulers of the land. Sam Harwood and Josh Rhoton won the musical chairs completion!

Every year there is a lot of preparation that has to be completed in order to make the Olympics a success. Here senior student council members are putting on the final touches of the items needed for the pudding race!

The Cavemen knew this was going to be their year! They started out on a confident note by having their captains be the four guys that grew up in Penn schools (but wanted to be a part of a real wrestling program) against who else but Penn! Smart move on Snyder's part. Penn did not score one single offensive point on varsity! UMM can you say SHUT OUT!

The parents sent the team off in style. They spent many hours decorating a bus for the ride down to Indy!

Below the starters line up in front of their names before heading out of town!

Above the entire team lines up. Coach Snyder wanted to bring anyone that stuck it out throughout the duration of the season because these guys helped to make the varsity lineup that much better. Besides this is TEAM STATE!

Paul Beck (7th-103), Steven Sandefer (1st-130), Coach Snyder, Coach Lehman, Josh Harper (1st-125), Adam Guerra (9th-112), Caleb Norville (6th-171), Randy Morin (3rd-125), & Dave Balentine (4th-215)

State in 08

That is for sure!

Josh Harper becomes the first ever three time state champion. He is joined by Steven Sandefer who also was a state champ. In addition there were five other state placers.

Joey Smith gets ready to attack against Perry. He won the match 3-2.

The first challenge was to face the only team to have defeated MHS in the regular season! The Cavemen had learned from their mistakes and they were hungry!

(Left to Right): Randy Morin keeps Chris Adams at bay by taunting him throughout the match. He lost 2-0 but it was a huge personal victory. Tim Forte celebrates in his last second triumph over Perry (7-6). Caleb Norville wins with decision with a score of 9-6. Brandon Straub was hurt the first time MHS wrestled Perry. He came out to show them what they had been missing with a pin at 1:59. The crowd went nuts! His victory was all that was needed to keep the momentum going to finish the job.

After Merriville came the time to avenge the devastating second place from 2007. There was not a member of the crowd that was not on their feet!

After Morin's match the Perry coaches knew that they were in trouble! Just look at their faces!

Dave Balentine wrestled like a beast all day long. He finished with a 4-0 over Mater Dei!

Paul Beck was manhandling his opponent with takedown after takedown. He has the drive to be a future individual state champ!

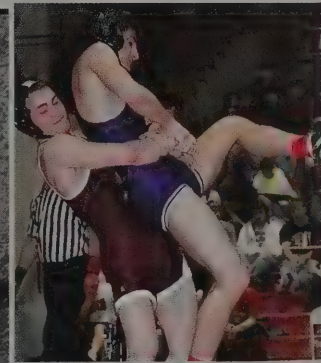

Adam Guerra fought a tough match. His efforts helped to keep Mater Dei at bay!

Neal Kostory won a hard fought battle over his Mater Dei opponent! (6-4)

Steven Sandefer proves over and over what an amazing athlete he is. With his final match of his junior year ending in a 6-1 victory.

After Perry Meridian came Medsco. They were tough and they could not get the job done. Especially at Eleven. But end Brandon Mersich's technical roll (Right)

After being named state champions there were many more celebrations in store! At a pep assembly for the wrestlers Mayor Jeff Hea gave them all keys to the city and showed the crowd signs that would be posted on the outskirts of the city!

At the pep assembly Coach Al Smith who has been an inspiration to many gave a speech to the team. Coach Smith was extremely honored because he has undying respect for his man!

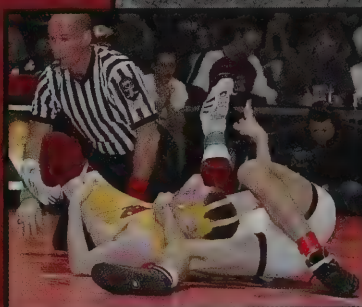

Randy Morin unleashed his inner Grizzly Bear during his Mater Dei match. He made his heavy opponent look like a plump little girl. This match made the crowd celebrate to 10!

Caleb Norville came out to wrestle his last match of his high school career in a fashion that will be remembered forever. During Merriville he suffered from a hyperextended elbow that resulted in a two point loss. This did not stop the Oscola Redneck. He came out & wrestled as if there would not be another tomorrow, even through the tremendous pain. Caleb should be proud to know that even his dad said "Son or not. He wrestled like a man out there." His smile showed his pride!

He and his friends were joined by the fans who wanted to share in the celebration!

The deal was clinched by none other than the man who turns everything into gold. Three time state champion, Josh Harper came but showed no mercy! He wanted that Pin and he got it. In 2:51 he made all of Mater Dei's hopes "fall" to the floor, literally!

Congratulations wrestlers! You have made history! The last time MHS was state was in 1991!

"My favorite cross-country moment was winning Regionals my junior year and being part of an awesome team with great individuals these past four years"-Bryan Adams. Bryan Adams is pictured below as he paces himself with only one thing on his mind...Winning!

Craig Padgett sets the pace for the rest of his team mates. Throughout the season Craig showed undying leadership abilities and unfaltering dedication, so it is not surprising that he lives by one motto..."expect perfection, settle for excellence".

Craig Padgett (Sr) and Rob Melton (Sr) take a lead against the pack of hungry competitors. It is important to determine where the best place is for you to set your pace. Then it is up to you to keep your mind focussed. It is a fight against the time and yourself. Who is up for the challenge?

What a year for the boys cross-country team. Coach Kov worked year round to get his team in shape and as a result the season was one of the most successful in Mishawaka's history. It was a year of glory with the boys and girls both sweeping the Conference for the first time in school history. Not only were there exceptional things done as a team, there were several remarkable individual accomplishments, especially by Craig Padgett who was NIC and Sectional Champion. He then went on to finish 10th in the State, was a member of Indiana All-State, and completed the 5th fastest all time at Mishawaka. Job Well Done!

Right Craig Padgett runs hard to finish first in the conference.

Mishawaka Team

Row 1: Izzy, Tyler Essig, & Scott Fahey. Row 2: Walter Osorio, Coach Brian Heintzberger, Evan Ivaldi, Skyler Wanberg, Evan Giles, Eric Wanberg, Coach Bob Thompson, Coach & Alex Nash. Row 3: AJ Walker, Kevin O'Dell, Shawn Garren, Jacob Burnett, Josh McDonald, & Allen Rohr.

What a year for the boy's swimming team! Evan Ivaldi was a state qualifier in the 100 yard breaststroke. He also made First Team NIC in the 100 yard breaststroke and the 100 yard backstroke. Skyler Wanberg made First Team NIC in both the 50 yard free style and the 100 yard free style. In addition, Evan Ivaldi broke the school record for the 200 yard individual medley. Coach Thompson recalls that the annual training trip to Indy where each member swam over 10,000 yards apiece and the 5:30 a.m. practices every Monday, Wednesday, and Friday really paid off to have such exciting results!

The hours that a swimmer puts in to push himself is more that most will ever do it in a lifetime. Top left: Josh McDonald (So) utilizes his strong will and desire to win to push himself to the finish. Tyler Essig (Jr) knows that the thrill of victory will surpass any of the wear and tear that his body takes at each and every practice. Divers Scott Fahey (Jr) and Tyler Essig (Jr) take a moment to reflect on their up coming dives. This is a time when all the joking and fun of practices is forgotten and there is only one thing on their minds...WINNING!

"Born, Bred, & Water Fed...Hoorah"!!

Evan Ivaldi top knows that sheer will is not enough. The work must be put in! Due to the regular practices and bonding exercises both Evan and Skylar Wanberg were able to make First Team NIC. This has not happened in twenty years! Divers top Scott Fahey(Jr) and Tyler Essig (Jr) bottom know that precision is the key to scoring well. Throughout the season these two work on perfecting their technique so that when they make a splash...THEY MAKE A SPLASH! Alan Rohrer(Fr) knows that the first year in high school is the toughest. Now he knows that every day he will have to push just a little bit harder to fulfill the dream of success!

Players must be sure that they keep their eyes on the ball and have a steady swing.

Ashley Johnson uses quick hands to make the play. Playing third base forces one to stay on their toes. Be ready for an infield fly.

Sarah Scanlon looks to field a ball. As pitcher you are in the direct line of fire on more than one occasion.

Sarah Oppelt shows a great batting stance. Obviously she has good form or she would not have voted varsity's leading hitter.

Boy's Golf

Whether you are going for an eagle, a birdie, par, or a bogie, putting the green takes lots of concentration. This can be a nerve racking experience especially with so many people watching and waiting. This golfer seems to have determination written all over his face.

A golfer must evaluate the surrounding environment before and after each shot. The walk to the next hole allows plenty of opportunity to decide on strategy.

When chipping it is all about the back swing. Easy on much you give it or the ball may end up somewhere that you don't want.

MATH

Mr. Scheu knows that math can pose many challenges that is why he is always willing to lend a helping hand

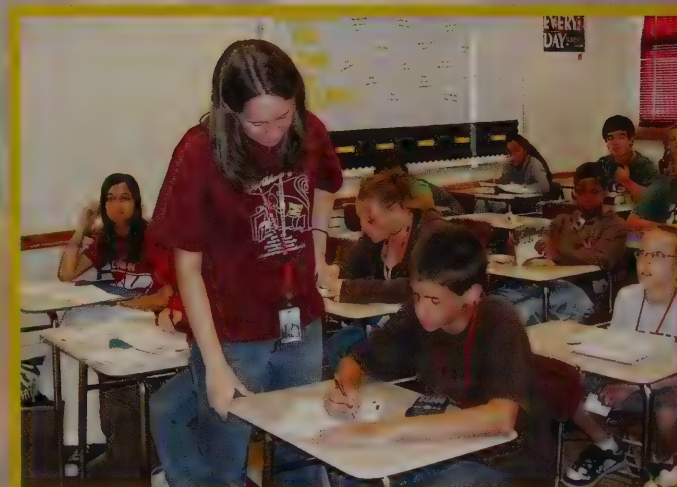

"Math is my favorite class because Mrs. Megyese makes it fun"...Johnnie McKelvey (11)

With a world that is becoming more and more dependent on technology and math skills, the state has mandated that students must pass a variety of math classes before they graduate. With prerequisites from earlier courses guiding the development of each individual teaching subjects like pre algebra, algebra, algebra II, geometry, finite math, pre calculus (trigonometry), and calculus is no easy task. Many hours are spent before school, after school, during seminar as well as during the normal class time to make sure that students have all the necessary skills that will allow them to advance to the next course. Teachers like Mr. Urbanski, Mr. Davidson, Ms. Dolembro, Mr. Ferro, Mrs. Flora, Mrs. Foley, Mrs. Gerrard, Mr. Haas, Mr. Hendricks, Mrs. Megyese, Mr. Scheu, Mr. Sheltraw, Mr. Sierzputowski, and Mr. Szajko are constantly trying to come up with tactics that will inspire students to want to learn math and also ensure that they are learning what needs to be mastered. From what is heard they are doing a great job and several students actually love math due to these teachers.

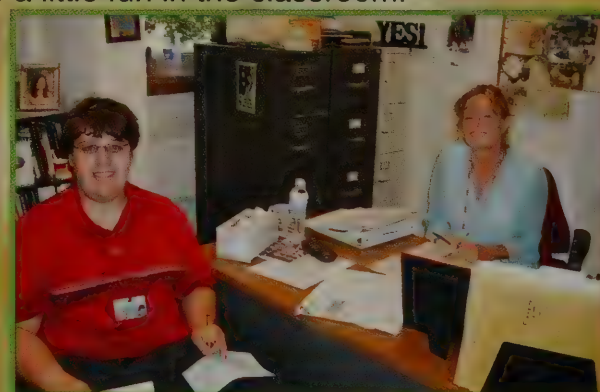

"My favorite class is Algebra II because Mr. Haas has a good sense of humor and he makes class interesting"...Cecily Maes (11)

Ms. Dolembro knows that a personal touch is one of the best ways to work with students in order to ensure mastery.

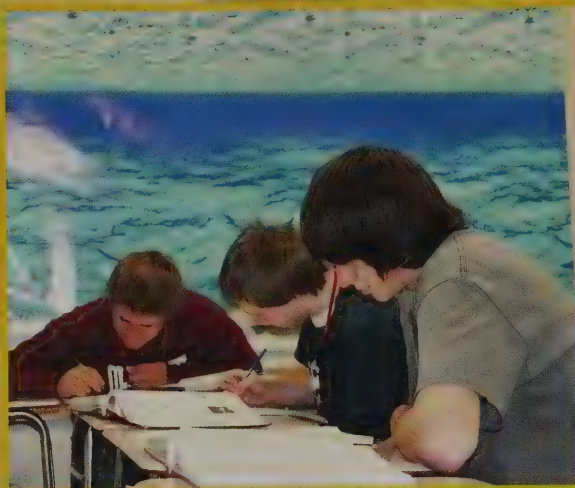

Mrs. Foley and Jacob Sexton take a break from reviewing in order to pose for the camera. Gotta have a little fun in the classroom!

Mr. Davidson works to help Cory Kline understand the current lesson. Mr. Davidson still gives his heart to teaching. It is a shame to see him go this year!

Students work together to solve problems in Mrs. Gerrad's class. The background is very relaxing and soothes the mind.

Mrs. Megyese illustrates the importance of proper steps in order to complete the problem. Don't let her fool you, this is a calm day!

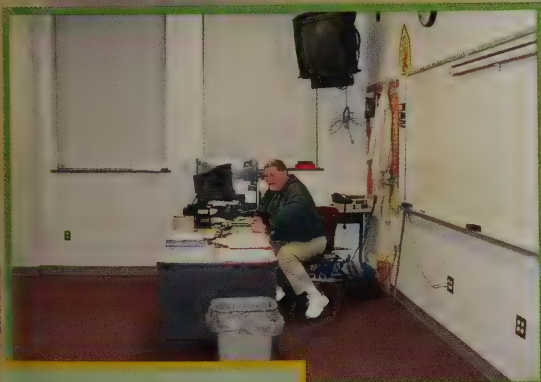

"I Love math because Sheltraw is funny"...Robert Chadzinski (Fr)

Mr. Sheltraw works relentlessly to come with new material to tell in jokes as a way to keep the students interested.

Mr. Urbanski takes a breather after a long class. He has made the difference for the day!

"My favorite teacher is Mr. Szajko because he is the only who could get me to understand algebra"... Maggie Wilder (So)

Students Chelsey Cochran, Shawn O'Connell, and classmates have decided that having fun at the end of the class is the best way to allow the material to sink in.

"My favorite class is math because I like solving problems"... Audrey Wilson (Sr)
"I like math because of Mr. Sierz",, Kaleb Kimble (Fr)

"By far my favorite teacher is Mr. Ferro. He entertained us and made it easy for us to understand geometry"...Kortney Burch (Sr)

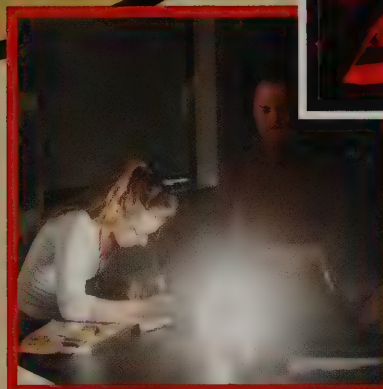

Science

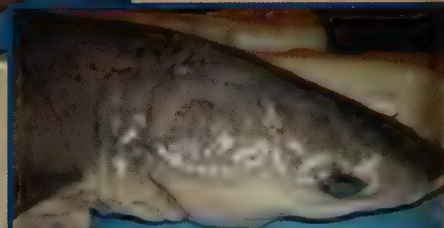

The importance of understanding the nature of the world around us has been an age old sensation. Without the use of scientific theories and principles then many paths to innovation and discovery would remain stagnate. Mishawaka offers a variety of courses that allow students to investigate why things work around them. Earth science offers an understanding of the Earth's relationship to the systems around it, as well as offering an investigation into the processes that shape our planet. Biology and environmental science offer students the ability to investigate the processes that living things do to function. Chemistry and physics allow students to get an in depth understanding of how energy and matter coexist and the principles that determine their interaction. These classes have a range from general to AP and can offer quite a challenge. MHS science teachers are very skilled personnel and they offer a wide spectrum of understanding through the utilization of hands on activities. Teachers like Mr. Smith, Mr. Barker, Mr. Beam, Mr. Dobrzykowski, Mrs. Foley, Mr. Hildreth, Mr. Spier, Mrs. Szilagyi, Mr. Manuszak, Mr. McGuire, and Mr. Witt make the most of every natural feature and deliver exciting lessons to their students.

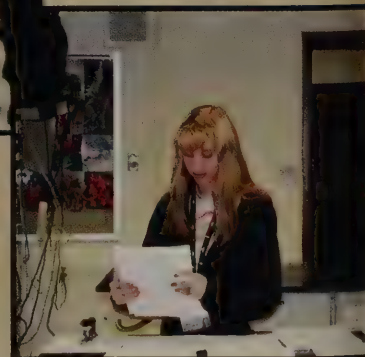

The students in Mr. Spier's class are always actively involved. Here they are in the middle of performing a laser lab.

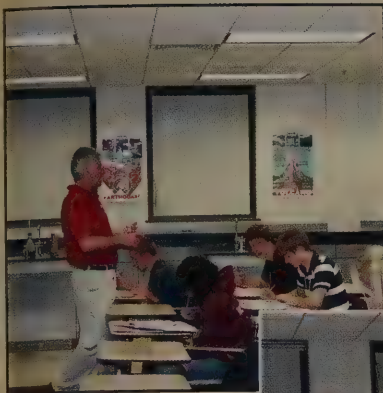

Dissecting a shark can be a scary phenomena but there is much to learn about the basic structures of an organism by looking at it from the inside.

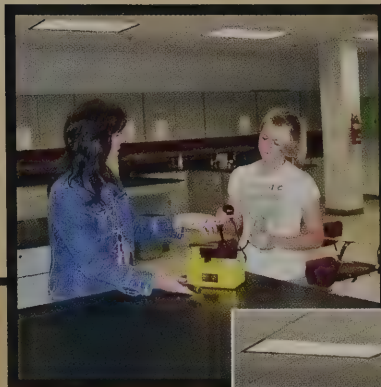

Sarah Williams puts the finishes touches on her lab work.

Mr. Beam instructs his students on important topics .

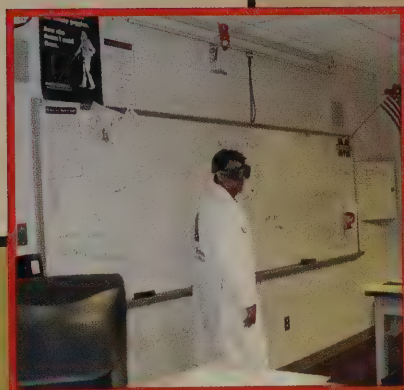

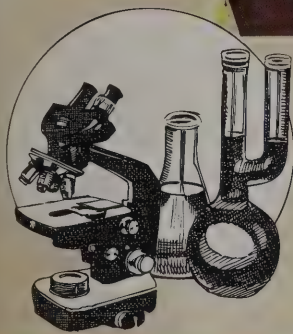

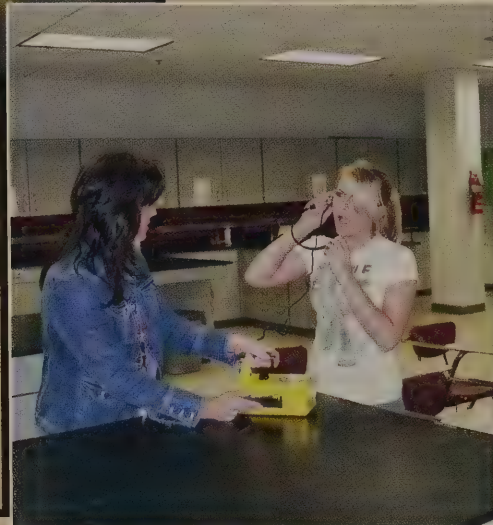

Mrs. Szlagi helps Erin Cooke understand the proper set up of the sound and decibel lab.

Mr. Smith readies his class for the next step of the upcoming lab.

"Mr. Spier is my favorite teacher because he is nice and helps you out with school work.He is cool."...Elsie Knaack (So)

Mr. Witt pretends he is a mad scientist in his chemistry class, and some of his students take a break from a lab to pose for a picture.

My favorite class was Earth science because Mr. Smith is funny and he makes class fun to learn about"...Michelle Reyes (Fr).

Mr. Mann is my favorite teacher because he is always cracking jokes but still gets stuff done"...Mallorie Butler (Jr)

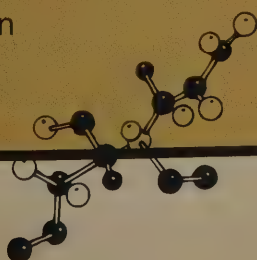

Mrs. Foley and Mr. St. Clair are hard at work pondering what their next lesson will be.

"Biology was a very fun class because Mr. McGuire is very nice and takes time to help you"...Jordan Beauprez (Fr)

"The "Dobe" cracks me up"...Kim Laughlin (So)

"Mr. Hildreth is just amazing"...Gabi Anglin (Sr)

Social Studies

"My Favorite class is US History because it is interesting."...Karly Armentrout (Jr).

When students ask what does social studies have to do with my life the answer is EVERYTHING! Classes like United States history, world geography, and world history allow students to investigate events that have led to current policies both foreign and domestic, look at mistakes in order to avoid the same ones in the future, where places are spatially, and to understand what role the United States and Mishawaka play in the larger realm of life. Economics allows students to investigate their choices and to capitalize on making the most beneficial decisions with their available resources. Government allows students to search for justice, freedom, and equality in terms of laws, policies, and other parts of the systems that regulate the internal and external affairs of the United States and other countries around the world. Civics helps to develop a basic understanding of a citizen's role in the society. Sociology investigates the creation of the settings that individuals interact in daily and helps to offer an understanding of how the dynamics of society work. Finally psychology allows students to investigate themselves and what motivates them to do the things that they do. This may seem like a lot but with teachers like Mr. Snyder, Mr. Blair, Mr. Kowalewski, Mr. Trtan, Mr. Reese, Mr. Fisher, Mr. Severa, Mr. Breske, and Miss Kitkowski it is a walk in the park. Each teacher offers their own personality that allows students to engage in several dimensions while learning things that will help them to become more productive members of society.

Dave Balentine and Chris Strantz both realize that they really need to take their senior year seriously!

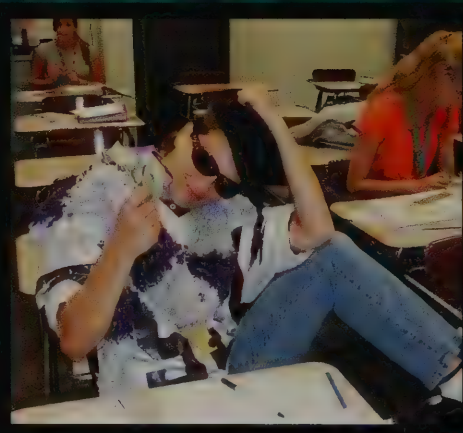

"Mr. Snyder is awesome!"...Seth Artley (Jr)

"My Favorite class is economics because Mr. Reese is able to get everyone to listen and respect him. The activities are fun."...Veronica Osterlund (Jr)

"My favorite class is world geography because we have a lot of big discussions and learn something new about a country every day. Mr. Trtan is a very nice guy and he is very laid back"...Alexandra White (So)

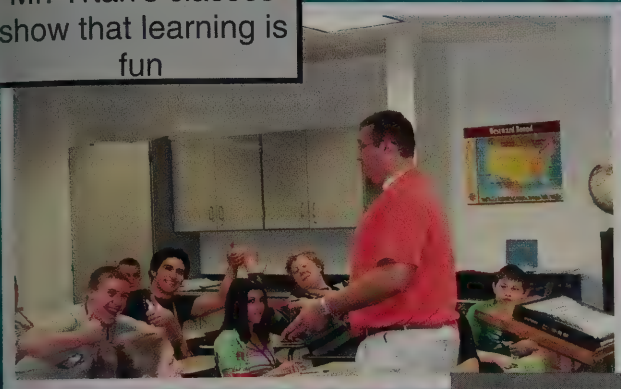

Miss Kitkowski is always doing crazy things to get her students involved. Here she is trying to be a rapper. Keep your dafy job Miss K.

Justice

Freedom

Equality

Mr. Trtan's classes show that learning is fun

"I love world geography because it is fun to learn about different countries and cultures...besides Mr. Kov: is a good teacher and a nice guy"...Matt Harmon (So)

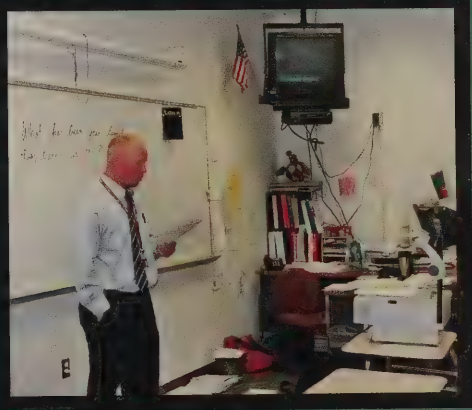

Mr. Blair shows that the way to reach students is to have a smile always ready and positive reinforcement in your pocket!

"My favorite teacher is Miss K because you can talk to her about anything! She is a really good teacher."...Ashley Lema (Sr)

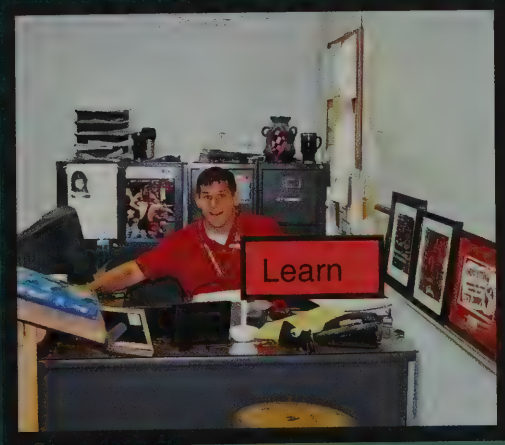

"Mr. Blair is a great teacher who made class fun. I felt that his classes were easy to learn".... Heron Ortega (Jr)

"Mr. Fisher and Mr. Reese both make classes fun so that I want to go to class every day"...Samantha Volava (Sr)

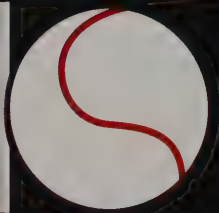

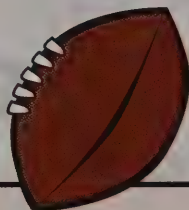

Although Mr. Reese and Mr. Snyder may differ in teaching styles, the message from both is clear...Education is important!

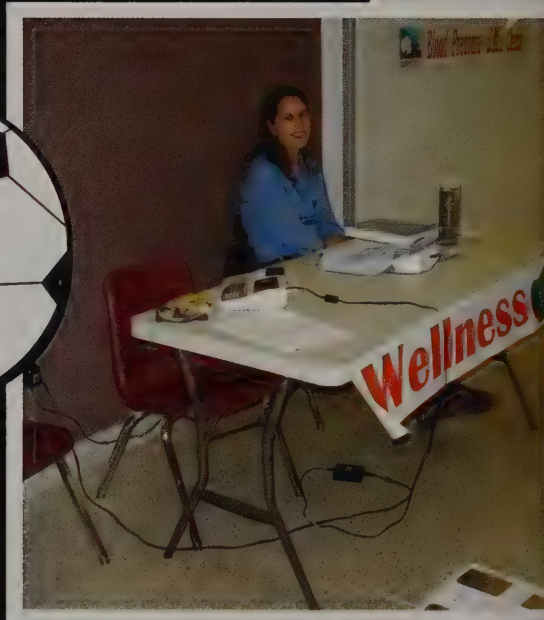

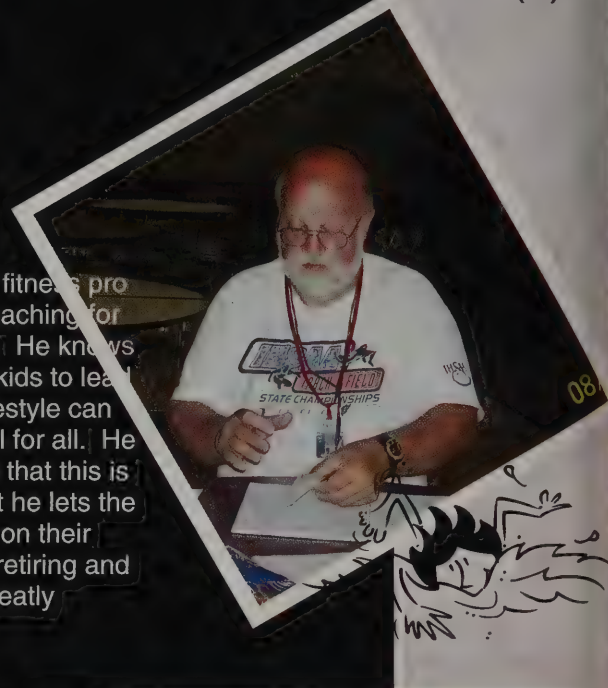

Physical Education and Health

"My Favorite class is advanced pe because it is a break from normal classes and you are becoming healthier in the process"...
Brooke Hein (Jr)

The key to a long life is being healthy. In classes like physical education and health, physical fitness and being healthy are stressed. All students are required to take both pe and health as a way to try to introduce healthy habits that can be incorporated for a lifetime! PE classes show a variety of sports and offer skills that allow one to be successful in these sports. It also teaches proper technique of doing training exercises. In advanced PE classes the importance of technique and increased fitness are the overall objectives. The purpose of health is the deliver the message that the body is something to be looked after and that there are many things that one must know in order to be healthy. Teachers like Mr. Jones, Mrs. Schrader, Mrs. Kilgore, Mrs. Thomas, Mr. Roggeman, Mr. Severa, and Mr. Cyrier offer motivation for students to engage in fun activities that will help them to maintain a healthy lifestyle now and in the future.

Mr. Jones a fitness pro has been teaching for many years. He knows that getting kids to lead a healthy lifestyle can be beneficial for all. He has decided that this is the year that he lets the students be on their own. He is retiring and he will be greatly missed!

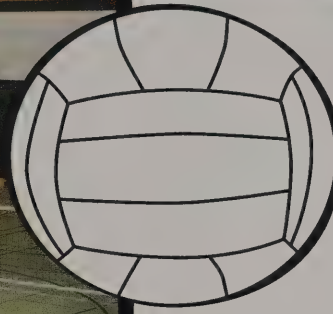

Mrs. Thomas even pregnant knows the importance of a healthy lifestyle. She tries to get students interested early with a booth at the open house. Maybe parents will work to lead a more healthy lifestyle as well!

"My favorite class is weights because it is fun and laid back and you don't have to think that much"...Ryan Francis (So)

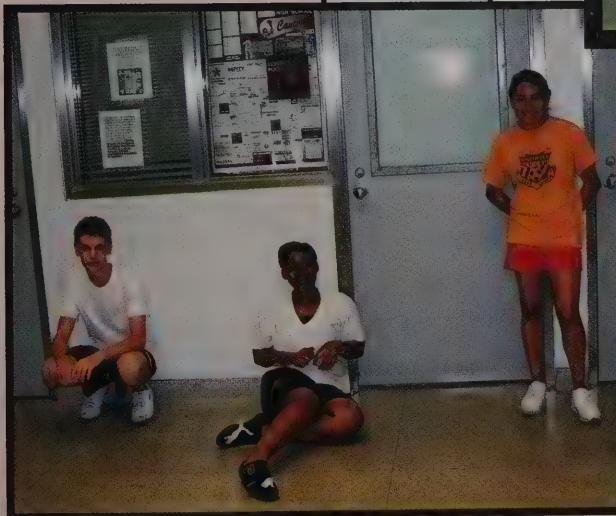

"One of my favorite teachers is Mrs. Schrader because she is understanding and caring"...
Chelsea Atwell (Fr)

Mr. Roggeman takes time to explain the rules of volleyball to his students. He then proceeds to let them practice the fundamentals of the sport. In these classes this is a common occurrence to explain and then let them work on the skills they have learned.

"Mrs. Thomas is my favorite teacher because she is nice and understanding about everything"...
Mae Fish (Fr)

"My favorite class is weights because you get to lift weights and mess around and have fun"...

Eric Veist (Jr)

After the classes students wait in the hallway for the bell to ring. The teachers regularly monitor the time in order to allow students to clean up for their next class.

" I love PE because you get to play. Mr Roggeman is also cool!"... Ronnie Venderson (Jr)

"My favorite teacher is Mr.Cyrier because he is strict but fair and fun"... Wayne Masteller (Sr)

Consumer Science

With the roles of society continuing to change it is far more important than it ever was to create a sense of understanding of what is expected once one will be out on their own. Certain skills are needed to ensure the survival of oneself and others. Things like learning how to cook, eating healthy, and just knowing how to generally take care of oneself are offered in courses like nutrition and wellness and culinary arts. Understanding how to work with others with open communication is the focus of interpersonal relationships. Child development offers an investigation into what situations allow children to foster and become successful adults. Fashion and textiles and housing an interiors offers a first step into a variety of careers. Teachers like Mrs. Crimmins, Mrs. Havens, Mrs. Roberts, and Mrs. Carrol are not only teaching valuable skills but they are teaching through their life experiences which makes student achievement closer to reality.

"I really like fashions because it is very challenging"... Sara Beggs (Fr)

"Mrs. Roberts is just a great person to have as a teacher. She makes fashions a blast"...Shelby Eggert (So)

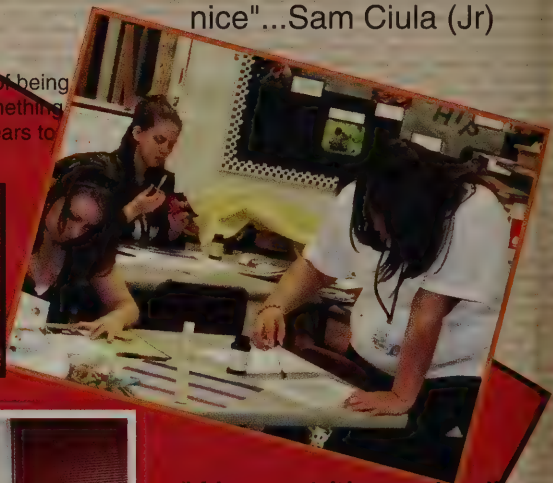

Sarah Louderback works diligently on her portfolio in one of Mrs. Roberts' classes.

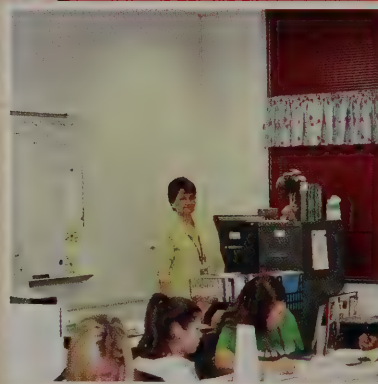

"I love foods because it is easy and the teachers are nice"...Sam Ciula (Jr)

Students learn the necessity of being organized as they create something that they can reference in years to come!

"My favorite class is nutrition & wellness because I like the more hands on experience you have with cooking"...Dustin Gram (Sr)

"I love nutrition and wellness because you get to cook and Mrs. Havens is really nice"...Cody Quost (Fr)

Mrs. Carrol knows that the skills she teaches can make for a lifetime of useful memories.

Beauty is in the eye of the beholder...or it is? Mishawaka student have many opportunities to express their creativity in terms of what they think is beautiful. Art classes like drawing and painting offer instructional development in two dimensional art. Classes like sculpture, ceramics, and fiber arts allow expression in a three dimensional fashion using variety of materials. Media arts allows students to learn the fundamentals of taking beautiful pictures. Teachers like Mr. Buchmann, Mrs. Neises, and Mrs. Kuhmichel deliver their lessons in a creative fashion that encourages students to establish their individualism of years to come!

Working with clay is a fabulous stress relief. Here students explore their imagination to create a masterpiece.

"My favorite teacher is Mr. Buchmann because he always helps you if you need it"...Gibson Snyder (Fr)

" I love art because it is fun and we are able to put our voice into things"...Heather Fish (Jr)

Sarah Oppelt loves the precision that using a small brush allows her. Imagine doing this back in early Native American villages.

"My favorite classes have always been all of my art classes. I love the teachers, making things, and being creative. Mr Buchmann and Mrs. Neises ROCK!"... Naomi Chambers

Jenny Iatorola loves to express herself through her art. In fact she wants to become an art teacher in the future.

Mr. Buchmann believes that the best way to inspire a student is to model how to do things and guide them as they work past their inhibitions.

"My favorite class is art because I love painting and drawing"...Stephanie Kauffman (So)

" My favorite teacher is Mrs. Kuhmichel because she is fun and has a great attitude"...Dan Baxter (Jr)

Prevocational

The purpose of education is to prepare students for the future and to help them to become productive members of society. In Mishawaka's prevocational classes students learn many important life skills that will enhance their future possibilities. They take many field trips in order to discover the world around them and the explore different points of interest. They learn many interpersonal skills that allows them to understand the most effective way to handle any situation that life will throw at them. Students also learn how to manage their time, money, and other resources in a responsible matter. Teachers that work in this department are always quick to show their pride of any of their students. Teachers like Mrs. Yoder, Mrs. Bronson, Mr. Essig, Mrs. Garvin, Mr. Himschoot, Mrs. Horvath, Mrs. Mammolenti, Mrs. Noland, and Mrs. Wentzlof foster nurturing relationships that build lifelong roles of trust.

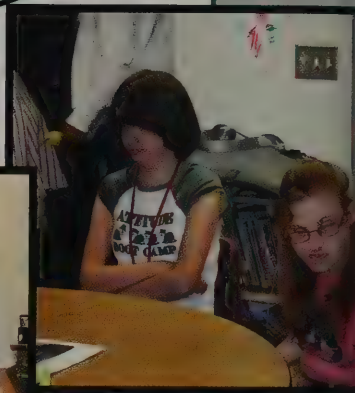

"One of my favorite teachers is Mrs. Horvath. I love her because she is nice, easy to get along with, understanding, and gives you chances"...Chaquila Hughes (Jr)

Here the classes work together to play a game. I wonder who is winning?

Celebrating Mardi Gras

Celebrations are a way to make the school day more enjoyable. The accomplishments that are made are always room for celebrations!

Can you tell who is who?

"My favorite teacher is Mrs. Noland because she cares about all of her students"... Samantha Swartzentruber (Fr)

"My favorite teacher is Mrs. Bronson because she is nice and helps me out a whole lot"... Tyler Wood (So)

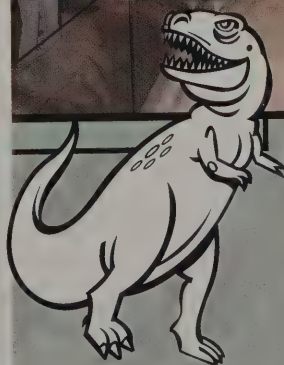

Mrs. Yoder took her students on an exciting field trip to the Field Museum in Chicago. It was the first time for a lot of them to visit the wonderful sight!

Visiting The Field Museum

"I like Mrs. Wentzloff because she is fun and cares about her students"... Shannon Stiles (Sr)

The dinosaur bones proved to be a favorite of all. Here many students examine the depth of the monstrous creature!

The bus ride was loads of fun! By the end of it the students were ready to get out and explore what treasures the museum had in store.

Along stops the fun for just a moment to take a group photo.

Business

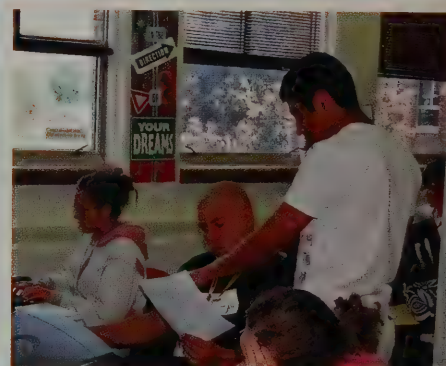

"My favorite class is Business Math because it is fun"...Hanna Vervynckt (Sr)

Becoming involved in a successful career is becoming more and more competitive. Mishawaka High School offers a variety of courses that will help students to feel a sense of pride and learn what it takes to make it up the economic ladder. Courses include accounting which teaches the fundamentals of analyzing and entering financial data. Business foundations teaches the basics of running a business from management to marketing. Computer programming and computer applications allows students to understand the basic of how a computer works and utilizes many software programs. Business law assesses the details of a working justice system. Business math allows the computation of daily business activities. Co-op allows students on the job training skills that will help them to earn a higher paying job in the future. All of these classes and others offer students an entry into the world of business in hopes of economic stability. The teachers include Mrs. Albert, Mrs. Britton, Mrs. Forler, Mrs. Hank, Mr. Huemmer, and Mrs. Smith. All of these teachers have special skills that allow them to encourage students to become successful members of the business world.

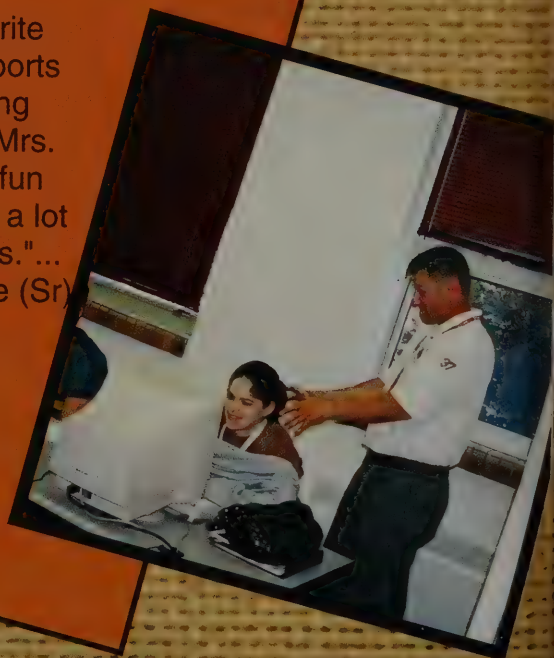

Computer training is essential in today's job market. Here students work to ensure that they are learning enough to be competitive once they finish high school.

Problem solving is not always easy and therefore Mrs. Britton understands that sometimes two heads are better than one.

"I love business foundation because Mrs. Smith is really funny. I also thought it was hilarious when Marc & Charles started freestyling in class"...Kiara Hailey (Fr)

"My favorite class is sports marketing because Mrs. Forler is fun and we do a lot of activities."... Jenna Luke (Sr)

Mr. Huemmer shows that teaching classes that force the students to think can be more than a frustrating task!

Working cooperatively in a group will teach many skills that can be utilized when one is entering a world where they will have to interact with many different types of people!

"My favorite class is accounting because it is fun and easy to learn" ...Bill Runyan (Sr)

Mrs. Smith is always willing to lend a helping hand to ensure that students are on the right path! To the left two students take a time out to pop a huge question. What was that question? Well if you weren't there you will never know! You miss school you miss out!

"Mrs. Smith is lots of fun"!

Mrs. Albert knows the importance of planning and preparation in fact how long do you think it took her to plan the end of the year breakfast with her Business classes. Students pictured at the breakfast on the left.

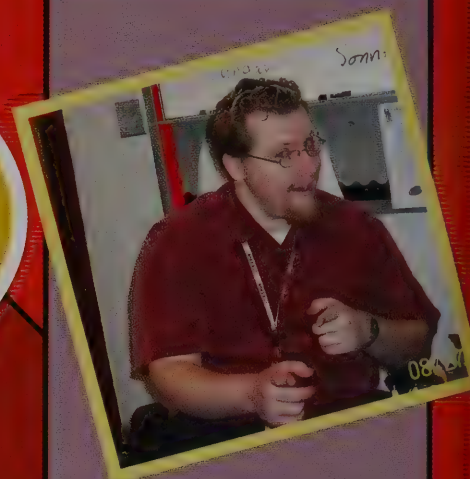

Foreign Language

"My favorite class is German because I like the language and have fun in the class. I also love that Mr. Schreiber can be serious but also take a joke"...Clay Heston (So)

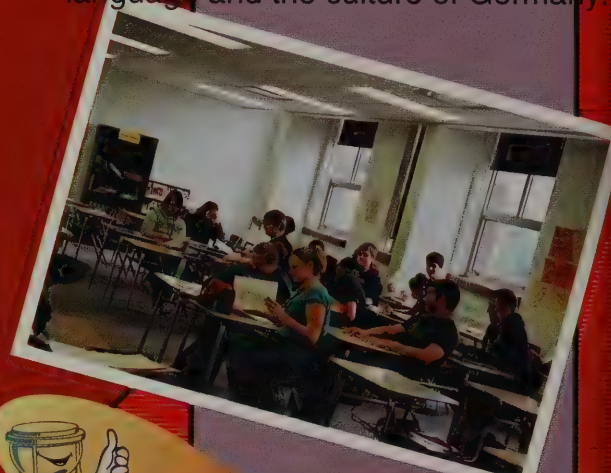

"My favorite class is Spanish because it is really easy"...Justin Gever (Jr)

With the world turning more increasingly to an international realm it is important that today's students learn to be fluent in another language. This is a skill that will allow students to be more marketable in terms of future employment. Although students sometimes have an uneasy feeling about unknown languages and cultures, foreign language teachers at Mishawaka High School have attained many personal experiences and skills that allow them to meet the demand for diversity head on. Teachers like Mrs. Raffelock, Mrs. Zeiger, Mrs. Major, Mrs. Herman, and Mr. Schreiber work with great excitement to bring foreign worlds and their languages to the "hungry" students. The students cannot seem to quench their hunger enough. This is evident by the conversations heard throughout the building in a tongue that is not native to these lands. Wondering what is going on here, just step into one of their classrooms to enter "a whole new world".

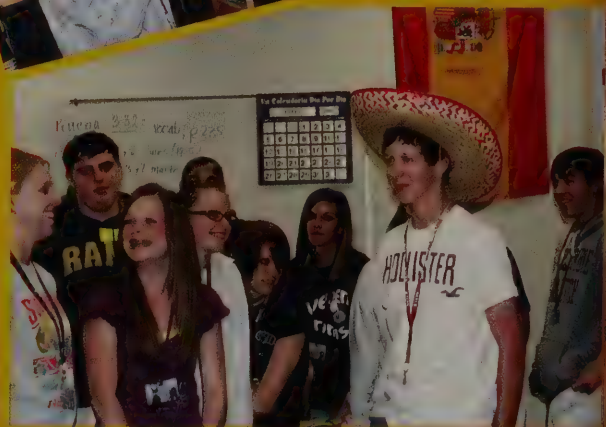

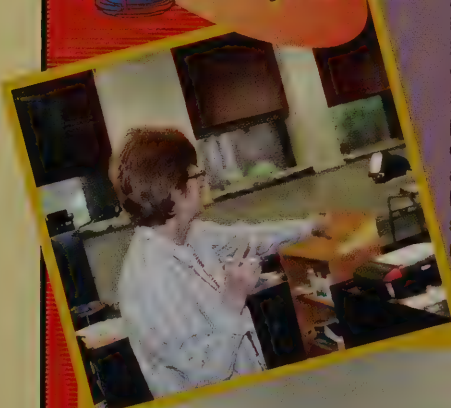

"One of my favorite classes is German because Herr Schreiber is very fun and great at teaching"...Brandon Loffen (Fr)

Mr. Schreiber the German teacher is always doing silly things and telling jokes to keep his students interested in the language and the culture of Germany.

Spanish is soon becoming leading language spoken in America so many students have elected to learn this language as a way to interact with immigrants. Above Mr. Hosinki's classes study and prepare for the difficulty of exams. Below Mrs. Zeiger a little fun and catches one of her students with a surprise song of "Happy Birthday" none other than Spanish.

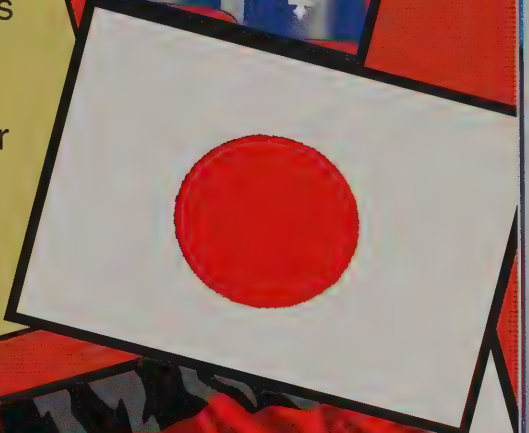

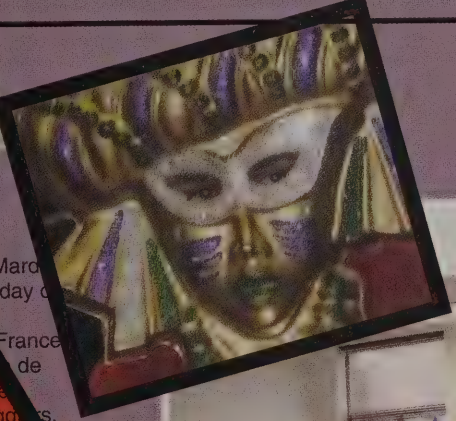

Mrs. Raffelock's Japanese classes are always doing something out of the ordinary. Here students are working with a guest artist to master Japanese words

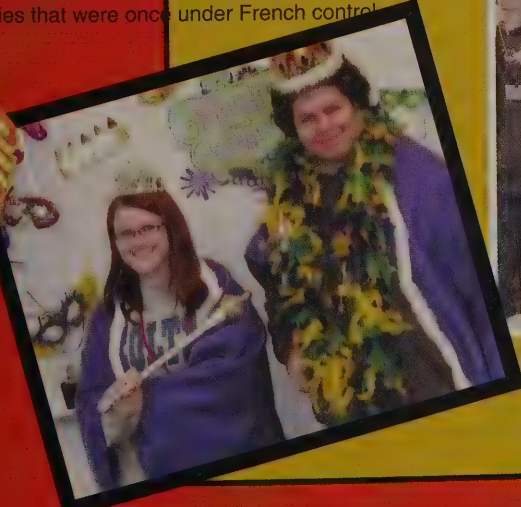

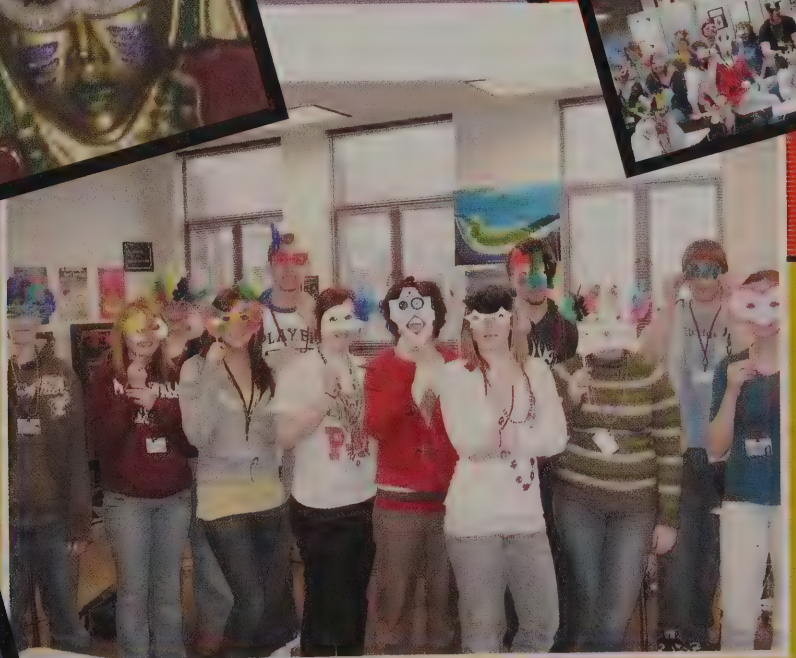

The picture on the bottom shows students enjoying Japanese cuisine on their filed trip to Chicago.

"My favorite class is Japanese because the teacher, Raffelock Sensei, always tries to make it fun and exciting. She also really cares about our grades"...Ed Miltenberger (Jr)

The day before Ash Wednesday is known as "Mardi Gras" or "Fat Tuesday". Mardi Gras is the final day of the celebration of Carnival (or the three days preceding Ash Wednesday). The city of Nice, France traces this celebration back to 1294 when Count de Provence II started taking his Carnival here. He wanted lavish balls, masquerades, bonfires, jugglers, and many more. All that was required was a costume and a mask. Mrs. Herman's French classes make masks for the celebrations and they even elected a king and queen of the carnival which is a tradition in many countries that were once under French control.

My favorite classes are French and Japanese because learning a new language is amazing, DUH! "...Cody Martin (Jr)

Industrial Tech

" My favorite class is communication systems because I learned how to make animations and web pages...(contd on right)

... my favorite teacher is Mr. Modlin because he is AWESOME! He doesn't make class broing"...Ben Barthowick (Fr)

Education is important in all areas of life. Many students believe that the way to success is through finding a good job that allows them to work with their hands. Mishawaka offers courses in cad which is based on mechanical drafting and aids in teaching the fundamentals of the architectural industry. Classes like communications and computer design offer introduction in computers for things like radio broadcasting and web creation. Classes like manufacturing, construction systems, and transportation offer hands on approaches to discovering essential strategies in building structures, designing fuel efficient vehicles, and other objectives that will aid in future careers. Building trades allows students a chance to incorporate what they have learned by building a house from the plans on up. Teachers like Mr. Horban, Mr. Chimel, Mr. Modlin, and Mr. Beron offer expertise that allows students to develop skills that can be used for a lifetime.

" My favorite class would probably be manufacturing systems because I think it is fun to build projects"...Karly Stone (Fr)

There is never a dull moment in Mr. Modlin's room. Just take a look at him pictured below. His mind is racing in a fashion that only engineers can understand!

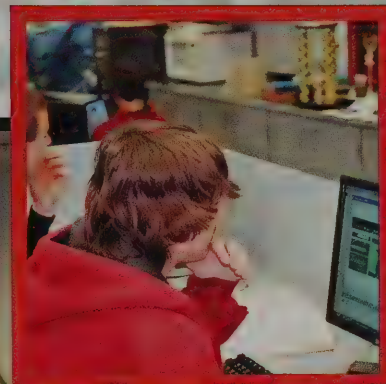

"My favorite class is engineering because I learn skills that are important in the workplace. Mr. Modlin is my favorite because he is funny, intelligent, and thoughtful"...Cody Smith (Sr)

Cody is pictured on the left. Cody would rather be in this room than any other classroom. In fact he would always ask if they were che if he could go to Mr. Modlin's room.

" My favorite class is construction because the hands on learning makes it easier to learn"...Josh Smith (Fr)

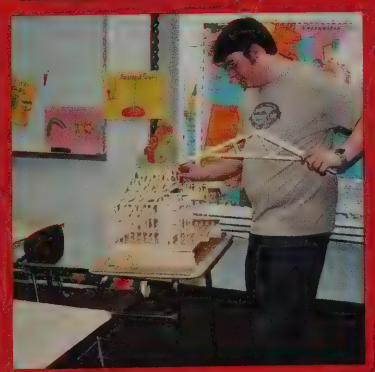

Students utilize the computer in many industrial tech classes. In fact, Scott Fahey (Jr) says "that making websites is the reason that communication systems is his favorite class".

Working with industrial machines can be dangerous. That is why Mr. Horbin takes special care to insure that all his students are equipped with the necessary safety gear.

"I like engineering because you get to build stuff"...Kyle Roempagel (Sr)

"My favorite class is construction systems because of the hands on activity. In addition, my favorite teacher is Mr. Horban because he is strict and to the point"...Nick McCain (Jr)

Building Trades

The members of this class build a house from ground up. Here they are working on making sure the foundation is in tact.

The students in building trade have an opportunity to learn all of the fundamentals of building a house. They start their project from ground up, literally. They

then work diligently throughout the year to construct the entire structure, while learning skills that help to establish a connection to real life. At the

end of the year they finish the project and it is for sale to the public! Teachers like Mr. Chimel and Mr. Berron teach these students the importance of quality and efficiency and this will build character that will endure for a lifetime!

Building a house can be very dangerous. Here a student works to ensure that the roof is proper fit.

These students work year round and even work with sickness or injury. The interior of the house is no match for these students. Check out the beautiful fireplace.

Woodworking classes are a requirement before building trades can be taken. It is no wonder when the frame of the house is built entirely of wood. Here students work to set the base boards of the ground level.

The guys from building trades gather for a group shot upon returning to school. They work during the first two blocks of the school day on the house and then they come back to school to shower and get ready for the rest of the day!

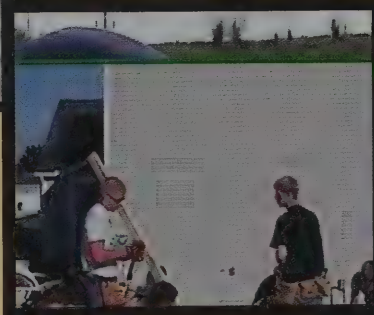

Mr. Beron work carefully with the students to ensure that the framing studs are precise and exact in order to make sure that the structure remains sturdy.

Mr. Chimel expects a lot out of his students and he knows that his replacement Mr. Beron will do nothing but the same!

During winter months students take a break to enjoy a little slipping and sliding on the icy sidewalk. Way to make learning fun Mr. Chimel and Mr. Beron!

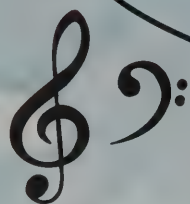

Students work to assembly every part of the house in hopes to sell it for a good price. This is no easy task as students are encountering a lot of things that they have never done before!

Students should be commended on their hard work and determination with hours that exist from sunrise to sundown and in all weather conditions.

The members of 2007-2008 building trades classes stand in front of their work. Doesn't their pride just radiate through the shot! Want to see the rest of their work? Just ask one of them to show it to you!

Music

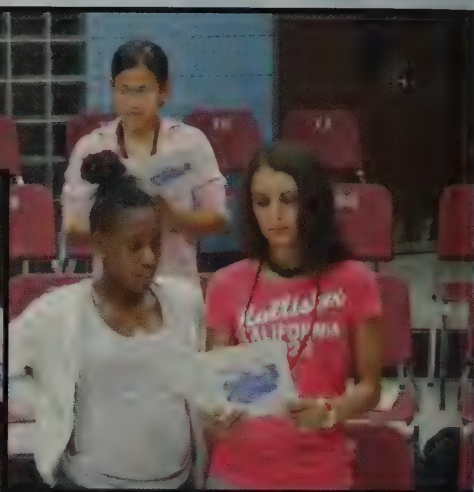

"My favorite class is choir because you get to sing the entire time"... Kourtney O'Donnell (Fr)

"My favorite teacher is Mrs. Lange because she is really nice to everyone and is always willing to help"... Taylor Graham (Fr)

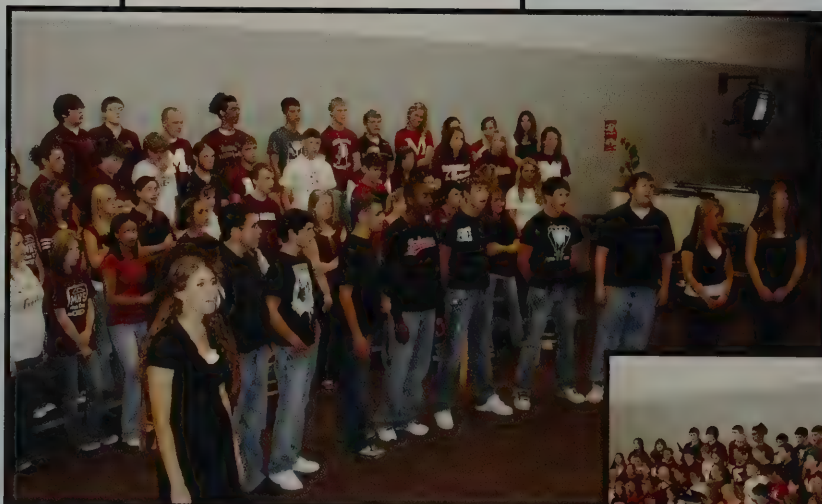

Everybody loves music...there is music everywhere. Yes music is everywhere and the goal is to have all students learn an appreciation for music. With classes in choir, band, and orchestra students have ample opportunity to develop a love and appreciation for the fundamentals of music. With teachers like Mrs. Wilson, Mrs. Lange, Mrs. Iwaniec, Mr. Budzinski, Mr. Gamble, and Mr. Keranen the love of music can be seen from every inch of their persona. In fact they are the reason that many students stick with the challenge of practicing!

" My favorite teacher is Mrs. Wilson because she has taught me about life and she has been a great mentor"...Mary Kirk (Sr)

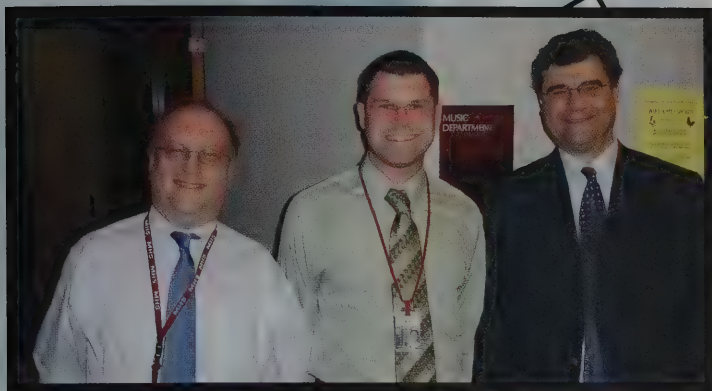

Before the school year has even got underway many students who have made advance choir programs have already put in weeks of practice in order to give open house attendees a spectacular performance.

In order to perform a song to perfection MHS choir students must put in many hours of work during class and outside of class. Here is two classes working on the songs for the upcoming Christmas Program

Orchestra Band

"I like playing music in band"... James Johnson (So)

"My favorite teacher is Mr. Budzinski because he is a great teacher and quite understanding"... Ashley Shock (Sr)

"One of my favorite teachers is Mr. Gamble because he helps me a lot"... Anthony Riddle (Fr)

"My favorite class is Band because of the people in it"... Louie Blaschke (Sr)

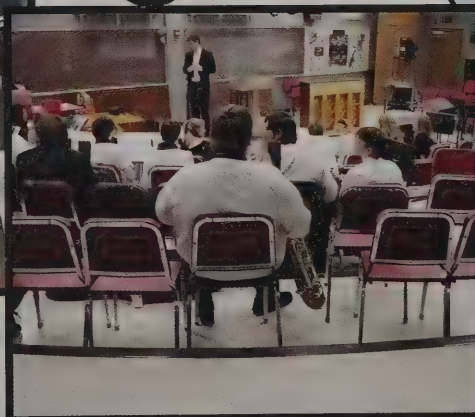

"My favorite class is Jazz Band because it is challenging and fun and it lets you make melodies"... Holly Roberts (Fr)

Students sit in the band room and eagerly await instructions from Mr. Budzinski. The room is equipped in a fashion that allows members of different sections to sit next to one another and work towards that first chair.

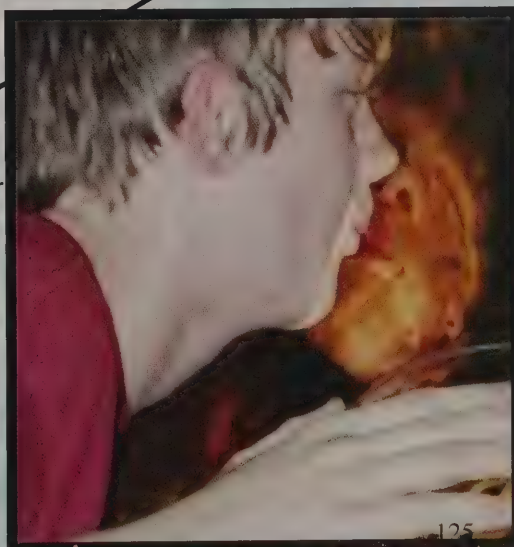

Student work year long and then some taking lessons, practicing notes, and practicing marching. These students know that good music will result only after a little hard work!

"I really like band because you do nothing but play"... Todd Noffsinger (Jr)

Many students enjoy playing so much that they will fall in love with their instruments. Here you see a student kissing his instrument and another having a great time playing music.

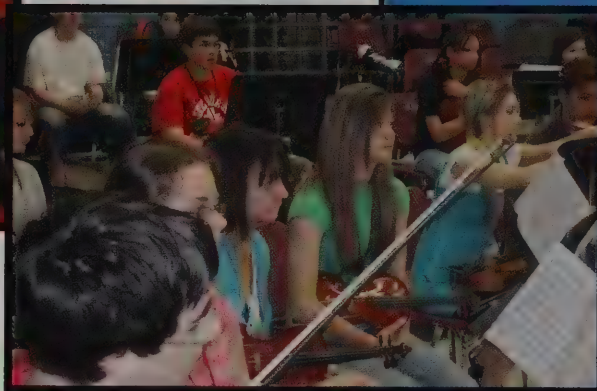

Orchestra like the other realms of music instruction takes hours and hours of practice. Here students show their appreciation for the finer side of music in their classes. Are there any future symphony members in the crowd?

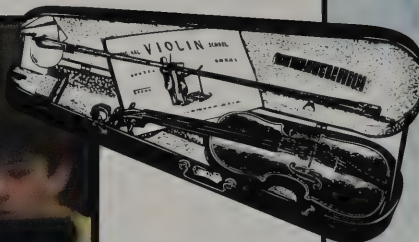

"My favorite class is Orchestra because I actually get to do something fun...play my violin... and Mr. Keranen and Mrs. Iwaniec are really nice, kind, and understanding"...

Gavin Case (Fr)

" My favorite class i orchestra because we are all one big happy family. We have fun but yet ge things done. Mrs. Iwaniec is always there for me & is totally understanding"...

Sammi Jo Cook (Jr)

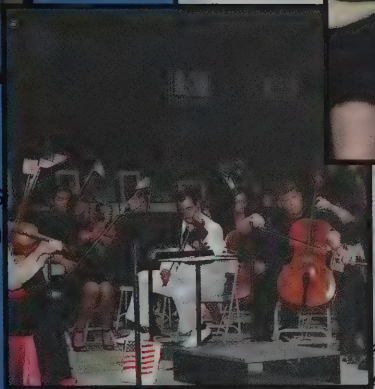

" My favorite class is orchestra because we can be involved instead of in a desk all day"... Kylee Leodanski (Fr)

"Mr Keranen is my favorite teacher because he is a great person and an amazing violinist and conductor"... Jarod Thomas (Sr)

Senior Valerie Akridge and her mother enjoy the bittersweet feeling that this is the last Mayfest of Val's high school career.

No matter what type of music is created there are two things that all of these students have in common. One they must practice regularly and they have all developed an appreciation of music and the hard work that goes into creating great musical scripts.

English

Entering a world outside the comfort zone can be a scary experience! Entering worlds of communist ideology, disillusionment, class divisions, social injustice, struggles of love and denial, and overcoming perceptions that we are what we are socialized to be in stories like *Catcher in the Rye*, *Lord of the Flies*, *Animal Farm*, *Brave New World*, *To Kill a Mockingbird*, *The Crucible*, *Of Mice and Men*, *And Romeo and Juliet* (among others) can be a bit of a challenge for the students of Mishawaka High School. Never fear with teachers that have a range of experience and talents students can and will find a love of literature through nurturing and guidance. Teachers like Ms. Schimizzi, Ms. Burden, Ms. Schonewill, Ms. Stillson, Ms. Tobey, Mrs. Fisher, Ms. Becker, Mr. Bogart, Mrs. Born, Mr. Chamberlin, Mrs. Gerber, Mr. Halicki, Mrs. Kayser, Ms. Kizer, Mrs. Kroening, and Mrs. Miller work tirelessly to find connections with English to modern life, build grammar and other fundamental skills needed for success, and try to instill a love of learning and reading!

Alternative Education

Some students at MHS have more difficult time adjusting to the schedule of high school and unforeseen circumstances that make a normal school day not possible. Teachers like Mr. Baer and others work many hours at school to try to make up classes so that graduation will be possible.

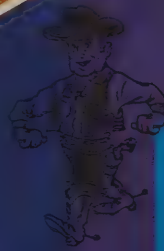

Some faces you know and maybe some you don't!

There is a new sheriff in town. Dr. Marzotto got into the homecoming spirit by sporting his cowboy attire. It is no wonder that his dedicated secretary Mrs. Peebles has become his trusted deputy!

Thinking about the future? If not you should be! Wondering what would be a good career? Come talk to Mrs. Stapp and she can put you on the right track so that life after MHS can be all that you hope it will be!

Mrs. Crimmins and her culinary art students work to prepare the 'deurs for the big open house!

Mr. Himschoot and Mrs. Mammolenti need to have a special feature because they help so many students and often go unrecognized for all of their efforts!

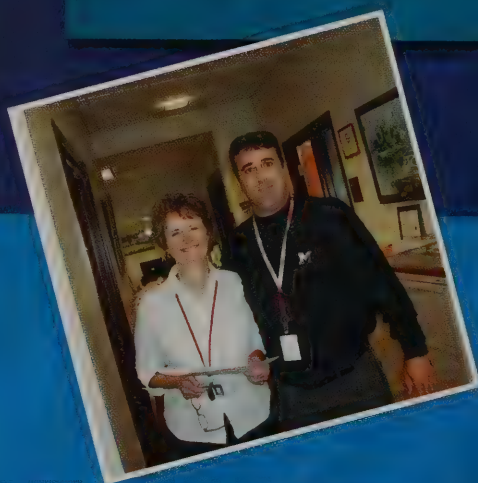

When the Relay for Life comes to MHS students and teachers really put in an effort to help raise money to fight cancer! Mr. Tktan sits in the dunk tank waiting (don't worry he went in) and many males students dressed up like girls to help raise money. Recognize anyone?

Janet Holderman and Donna Morrow give new meaning to service with a smile! Service with a smile, how about service with a kiss? Just kidding! Connie and Kathy Blanda are just having a little fun!

Custodial Staff

Ever wonder why MHS is always clean and orderly? Well the custodial staff work around the clock and on times when the rest of the building are on vacation. Next time you see one remember to say thank you for keeping the school so nice!

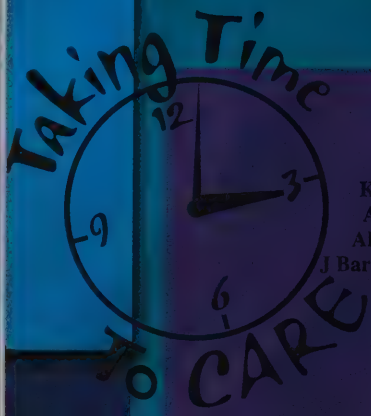

Mr. Dick Smith works from sunrise to make sure that the side of the building is kept in a fashion that invites others to come to view the school. Rain or shine Mr. Smith makes sure that the grounds are safe for all students. Mr. Smith works throughout the building to clean classrooms and ballrooms as well as many other duties.

Mr. Hunter (middle) works hard to help everyone throughout the building as well as maintain the cleanliness and orderliness of the building. Mr. Flager is always up to make everyone smile but he does his work too!

The rest of the custodial staff was too busy with the upkeep of the building that they were not able to be picture nabbed!

inspiration

It is hard to say goodbye

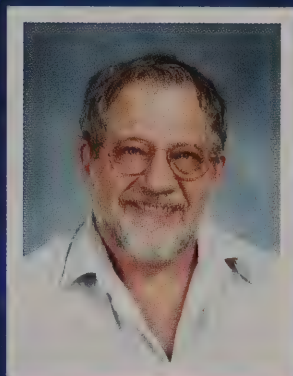

Thank you all for
your hard work! May
your next chapter
bring many
adventures

You will all be
greatly missed!

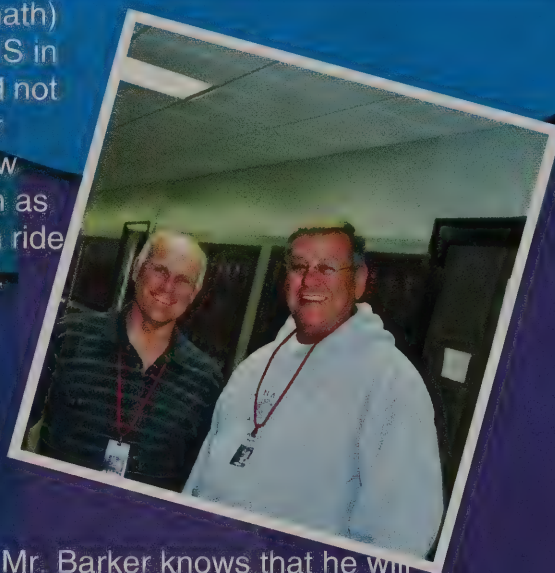

Mr. Davidson (29 years math)
and Mr. Chimel (17 at MHS in
trade and industrial) could not
be happier about their
decisions to retire. Now
Chimel can hunt as much as
he likes and Davidson can ride
all night if he chooses.

Mr. Urbanski is calling it quits after
33 years in the math department.
His ornery personality will be
strongly missed!

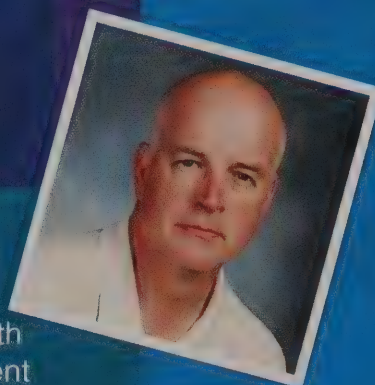

After 39 years of teaching
PE and coaching track Mr.
Jones has finally said
enough is enough. The
rest of the faculty are still
shock that he is actually
going through with it! (left)

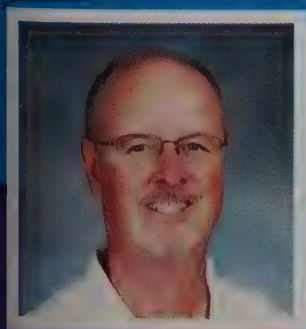

Mr. Barker knows that he will
be able to relax and enjoy life
around him instead of
discussing life in the
classroom (Biology 39 years)

After 35 years of teaching math
Mr. Scheu knows that retirement
will bring many "computational"
changes and the subtraction of
schedules will make the addition
of leisure a more viable solution.

Mr. Hildreth says
he will miss the
faculty and staff
but it will be with a
smile on his face.
One question who
will carry on the
legacy of the deer
head? (Science
32 years)

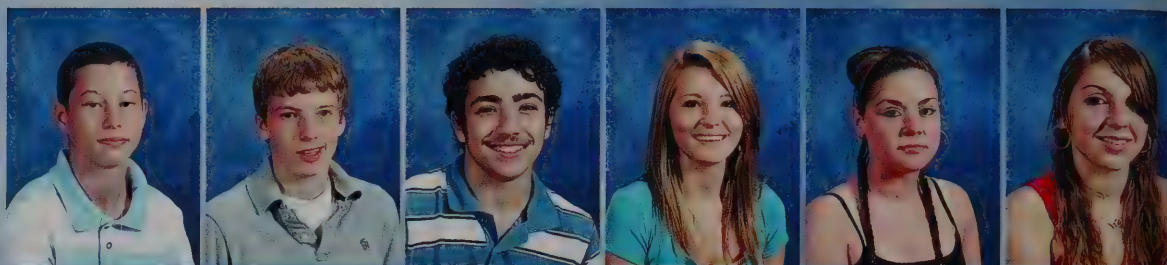

Mrs. Ross says it was great to
reconnect with many that she had
lost track of over the years and
that she will miss all of the
wonderful staff.

Mrs. De Broka (librarian) says "that she will
miss all of her friends especially Mrs.
Sommer. She also says that she will forever
remember the love and kindness shown to
her when her son Andy passed away
suddenly in 1999. Since Andy taught at
MHS, the staff helped her through the tough
days when she returned to work."

*I Think I Can
 I KNOW I Can*

The beginning has come and gone. This year was new and exciting with many changes. Getting lost and not knowing anyone are in the past. The path to the future is clear at last. Only three more years and not four! Keep your head up and buckle down for there will many expectations in store. Don't let the pressures get you down because before you know it graduation will be a wonderful sound. Remember the mistakes that you have made so that when next year comes those scars will fade. Good Luck next year as Sophomores!

Wolfe, Charles E.
Young, Dilcia E.

Sophomores..two down two to go, how you will do next year only you know! Remember that the end is closer than it appears, don't worry there is nothing to fear. You have made it this far and now it is safe to say that you know the way. The expectations have been set and the rules are in place, continue from here in a way that will make people want to remember your face. So don't delay and don't deny that before you can blink you will be saying good bye. The door to the underclasses has closed, now only upper classmen actions will others see you posed. Be the model for all, and before you know it colleges will call. Will you accept the challenge to make the future great, only if you GRADUATE!!!!
Good Luck as Juniors!

Juniors only one more year till
the day when it won't matter what
your teachers say. The
teachers have prepared you
well but only time will tell. You
made it this far so don't stop
now before you become that
graduating star. Next year you
will rule the school just make
sure that to yourself you still be
true! The future can be scary,
but if you don't finish next year
life will be more than you can
financially carry. Don't make a
mistake make sure good
decisions you do
make....GRADUATE!
Good Luck as Seniors!

Ryan Eberhardt

Brian,

What a joy you've been. We are proud of the fine young man you have become. God certainly blessed us and we know he will continue to bless you in your life. Thank you for the high standards you've set for yourself, for the excellent example you are to others, for the pleasure of seeing you compete, and for the faithfulness and love you show to friends and family. Be sure to follow your dreams, keep your faith in God, and always realize how much we love you. Good luck at DePauw University.

Love,
Dad, Mom, & Amanda

Michael,

We are so proud of you! You have grown into such a fine young man. Nothing is unachievable for you. Reach for the stars and always do your best. You have all of our love and support Always!!

Love,
Mom & Dad

Ryan,

You have given us many great memories as you have grown up. We are so proud of all of your accomplishments and the young man you have become. Your hard work and good life choices have paid off in the classroom and on the field. Continue to work hard for your dreams, anything is possible. We will always support you and be your biggest fans! Good Luck at Ball State.

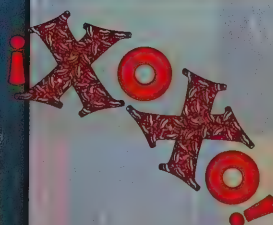

Love,
Mom & Dad

*"Go confidently in the direction of your dreams.
Live the life you have imagined." (Thoreau).*

*We know your dreams will take you far.
Love Mom and Dad*

Dearest Matthew,

Since the day you were born, you have brought us so much joy and happiness into our lives. We are truly blessed to have you as a son. Your accomplishments, your values, and the respect and compassion you show toward others help us to know what a fine young man you have become. Words cannot express how very proud and privileged we are to be your parents. As you begin the next chapter in your life, remember to never underestimate the value of your choices, for they are the heart and soul of your character. May you always strive to be a man of integrity as the world awaits your future success. You have touched many lives and have been an inspiration to us all. Always know how much we love you and believe in you. Thank you Matthew for being a blessing in our lives.

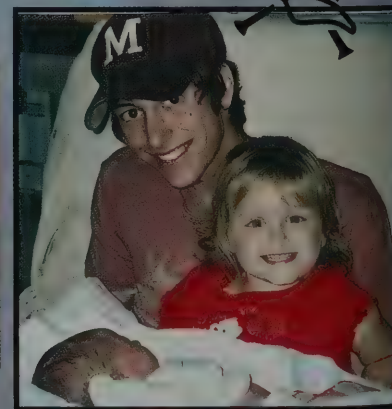

*We love you very much,
Mom and Dad,
Gabriella and Annalisa*

Kevin,

It seems like only yesterday you were able to walk under the counter overhang & now I'm able to walk under your outstretched arm. We hope you realize that you can accomplish anything you set your mind to & we are all so proud of you getting into U. You're becoming a wonderful young man and we're proud to have been a part of that. You've been a great son, brother, and uncle. I chose the picture of you with the kids for the yearbook because I thought it said a lot about who you are. Your hat shows your love of baseball. Claire & Ethan show your love of your family. Remember we are always here & cheering you on in all that you do.

*Love,
Mom, Dad, Heather, Joe, Claire, & Ethan.*

Amy,

We are so proud of you and the young woman you have become. God bless you and always remember you have the love and support of your family. Follow your dreams, believe in yourself, and you can do anything!

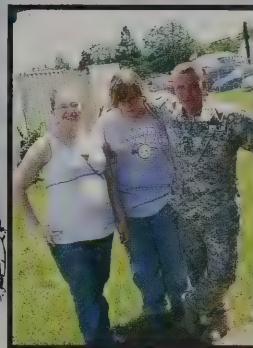

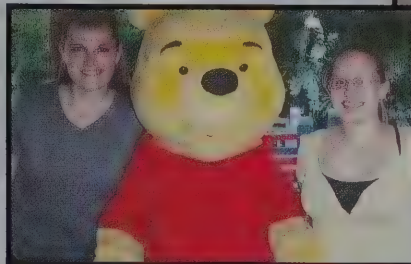

Love, Mom, Dad, Grandma Warren, Grandma and Grandpa Spitiels, Abby, Andy, Kaito, and Alexis.

Nicole,

Congratulations. I am so very proud of you. You have grown up to become a beautiful, talented, smart young lady. You have overcome so much and I am so very proud of you. Never stop dreaming & always reach for the stars!

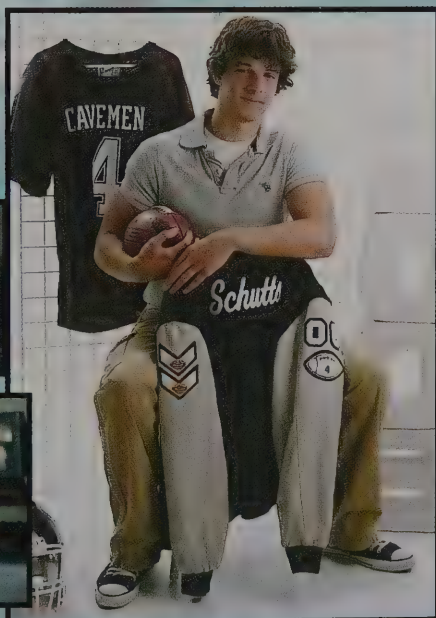

Love always,
Mom & Dad

Kyle,

We have not been perfect parents, that is just not possible. However, we have always loved you, guided you, believed in you, and stood by you. It is the promise we made at your birth. It is the promise we make to you for the rest of your life.

Love,
Mom & Dad

Ben,

We are very proud of you and all of your accomplishments at MHS! You have stood up for what you believe in and have become a Godly young man. We thank God for you and we know that you will accomplish great things wherever God leads you. It has been a great blessing in our lives to have you as our Son and Brother. You have much to look forward to as you end this chapter in your life and start the next chapter in your college years. We Love You!

CONGRATULATIONS BEN!!
Dad, Mom, & Steph

It is hard to believe that our little girl is graduating from high school and almost grown up. It has been so fun watching you mature into the young woman you have become.

You have set your goals and achieved them, what fun you have had along the way. Being at Mishavaka games will never be the same without you cheering on the sidelines. You have made us so proud all these 18 years. We hope you continue to set your goals high and achieve great things.

Remember to let your light and smile shine brightly as you continue your life's journey.

*Love you much,
Mom and Dad*

Brok,

You have been such a joy to our family. We will miss our "jokester" around the house. Nike and Munson will miss Brokster too. I am proud of your accomplishments and the broadcasting at MHS. Continue to grow and fulfill your dreams. Keep your faith, live your dreams, and remember we love you. Congratulations!

Brandon, AKA Little Book,

In our family you are the youngest one and we tease you just in fun. You will go out and find your way in life and someday find a good wife. Remember your dad and I love you in no matter what you do. We will always help and be there just know we do always care. We are proud of you a ton and gladly call you or son. Out of the dryer and into the world you will be but please be no else but you Brandon B.

 do with a girl after having 3 boys.
 But you have been such a delight
 in our lives. I can't even imagine
 not having you with us. You have
 always been, and will always be,
 a very special gal!

We can't believe how fast the school years have passed. It seems like it wasn't long ago when you started kindergarten at Hums. Since then, you have had a busy 13 years of school, sports, family trips, and making friends. You have worked really hard these 4 years in high school, and we are so proud of what you have accomplished. Now it is time to graduate from high school and move on to a new and exciting part of your life. You have decided on a career in nursing which really suits you. You are a very caring and loving person and will do well in caring and helping others. Just remember that you can accomplish anything that you set your mind to, but it may take some hard work and patience. You will always be daddy's "cupcake" and have mommy's stubbornness!

Love Always,
Mom and Dad

How quickly you have grown up. It seems like only yesterday you were my little girl; so determined to have everything your way but yet so dependent upon me! You have grown into such a beautiful, loving, caring, and still determined young lady. I am so very proud of the person you have become. I have faith that whatever you decide to do in life you will master it. I am so thankful and honored that God chose me to be your mother. You have brought so much joy into my life. No matter what road you travel through this life I will always be there for you, not only as a mother but also as a friend. I love you with all my heart. You make me laugh and cry as I let you go my baby girl!

With all my love,
Mom

Corissa I can't believe its Graduation time already. I am so proud of you. It seems like yesterday you were just starting school. I love you very much.

Love, Dad

Sissy I love you so much and I am so proud of you.

Love
Tia

My sweet baby girl,

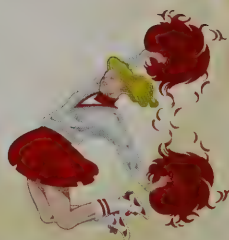

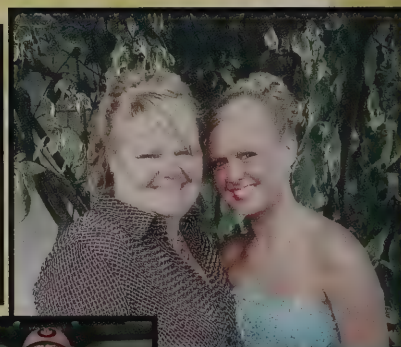

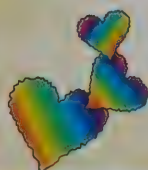

Wow. You stand on the threshold of a whole new life as you prepare to soar on wings that will carry you away from family and into the next phase of your life.

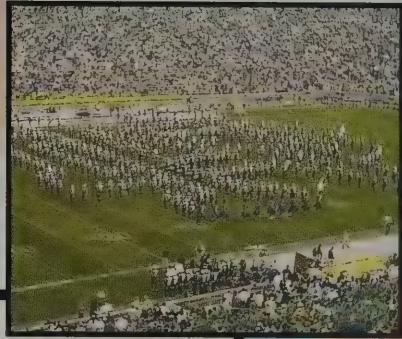

It's just not right. It was only yesterday that I was holding you in my arms whispering all of the hopes and dreams I had for you in your ear.

Every one of those dreams has come true and then some- everything I hoped you would be and become- you have. I prayed that you would be happy, healthy, and whole in every way. That you would learn from your mistakes and live life to the fullest, making good choices. You do that, every day.

You are amazing, and oh so beautiful my baby girl. We are so proud to be your family and we can't wait to see what you do with the next 18 years of your life.

*All our love forever,
Dad, Mom, and Ben*

Dear Jackie,

I remember when you were born. I looked at you and thought you were the most beautiful baby I had ever seen. I knew I had been really blessed. The time has passed so quickly. It seems like I have been running after it, and hoping to slow it down. I remember your first word. It was "Mom". After that life just seem to take flight from one moment to another. I remember talking to you in your sleep; you were just 6 months old. You would smile in your sleep. I still have the picture of it so you would know how much I loved you even then. You see, High school is just one big mountain you have to climb in life and I hope you will remember all the times that have been special. I will always talk to you in your sleep, and hopefully you will always smile and know that I am there with you forever.

Love, Mom

Dear Jackie,

As your Dad, I feel like you will be my little girl forever. I still remember when I would walk around with you on my shoulder and you would say how tall you were. You grew up and we started going to Notre Dame games together. You were my little trooper. No matter how cold it was, you would say that you were fine I would ask you if you were sure. You would say that maybe you were just a little cold and I would give you my coat to wear. We have been going to games, just you and me, for a long time. That was our time. You would call it "Father & Daughter time" and we loved it. I will always miss you. We will always have our time, our "Father & Daughter time".

Love, Dad

To Our Daughter,

We are proud of you! Not just for graduating, but for who you are inside and out. We feel really blessed to be your parents. We have taught you a lot about life and you have taught us to love someone more than ourselves. I think your favorite poet said it best.

"Doubt thou the stars are fire;
Doubt that the sun doth move;
Doubt truth to be a liar;
But never doubt I love."
- William Shakespeare

DARE
TO BE
different

Congratulations to the
Class of 2008
Each of Us Must Climb Our
Separate Mountain

Each of us must climb our separate mountain
To reach at last our own extended view.
We can be no more than what we are,
Yet that is quite enough for us to do.
The world is far too great for comprehension,
And so we only know what we can know.
But given the abilities were given,
That's still a long and weary way to go.
Yet on the way, how beautiful the moments!
How good it feels to have some skill or art!
How wonderful to pause in awestruck wonder
At what must fill the unsuspecting heart!
And so we're proud of each of you today
For all you've learned, and all you've tried to learn.
Knowledge brings the deepest satisfaction,
Not least because it's something that you earn.

I've learned that good-byes
will always hurt,
pictures will never replace
having been there,
memories good and bad
will bring tears,
and words can never replace feelings."

"In the end we are all separate:
our stories, no matter how similar,
come to a fork and diverge.
We are drawn to each other
because of our similarities,
but it is our differences we must learn to respect."
